## JUDICIAL DEPARTMENT.

OFFICE OF THE COMMISSIONER IN SIND,

Government House, Karachi, 25th April 1933.

### MEMORANDUM.

The Commissioner in Sind presents compliments and has the honour to submit the Administration Report of the Police Department in Sind for the year 1932.

2. The Office of the Deputy Inspector-General of Police was held by Mr. D. Healy throughout the year. The charge of the District Superintendent of Police, Hyderabad, was the only Superintendent's charge that was left undisturbed. On the Sind Railways there were as many as four changes and in the case of two districts, three different officers held charge during the course of the year. These frequent interruptions in the continuity of a charge are much to be regretted but were unavoidable.

3. Statistics of cognizable offences reported to the Police are contained in Appendix II and are referred to in paragraph 3 of the Deputy Inspector-General's Report. The figures of reported crime under all heads collectively dropped from 13,686 to 13,629. In order to obtain a better appreciation of the situation however, it is necessary to consider cases under the Indian Penal Code and Class VI separately. The number of cases under the former decreased from 13,160 to 12,490, whereas under the latter they increased from 526 to 1,139. The net result is a decrease of 57. It is satisfactory to note the decrease in the number of Indian Penal Code cases particularly when considered in relation to the acute economic depression that prevailed throughout the year and bad agricultural seasons in certain districts. A comparison of the figures of each district shows that the number of reported cognizable Indian Penal Code cases increased noticeably in the Karachi and Tatta Districts and on the Sind Railways. As regards the former the District Superintendent of Police points out that there was actually a small decrease in Karachi City, which is creditable to the Police in view of the large number of unemployed. The increase was therefore confined to the mofussil which was not unexpected owing to un-employment and three bad agricultural years in succession. Decreases were most marked in the Hyderabad and Larkana districts. The District

Magistrate, Hyderabad, reports that a judicious use of Chapter VIII against bad characters and of the Criminal Tribes Act against patharidars accounts for the good results. In the Larkana district the decrease is attributed to the re-organisation scheme and the registration of certain gangs of habitual thieves under the Criminal Tribes Act.

The increase under Class VI cases, is most noticeable in the 'Karachi and Tatta' and in the Hyderabad and the Sukkur districts where the figures increased from 143, 71 and 83 to 399, 183 and 195, respectively. It is attributed to the action taken under the Ordinances and the Criminal Law Amendment Act to combat the civil disobedience movement. The District Magistrate, Karachi, remarks "the increase in the number of cases arising out of civil disobedience (which were confined to Karachi City) does not mean that the present movement in Karachi was worse than the first. It was not serious at any time during the year, and this has been partly due to the prompt method in which any attempts to prosecute it were dealt with by the police. Great praise is due to them in this respect. They have shown firmness without harshly using any of the powers conferred by the Ordinances in a manner which has been recently praised in a newspaper well disposed towards the Congress".

4. The percentage of cases excluded to cases reported rose from 24·6 to 28·38, the highest on record for the past ten years, though the number of excluded cases dropped from 4,041 in the previous year to 3,739. The number of cases declared to be maliciously false dropped from 626 to 577. Prosecutions were undertaken in 128 cases as against 147 in the previous year and the percentage of convictions obtained decreased from 58·54 to 41·43 the lowest on record for the past ten years. Owing to the fact that the evidence offered is, more often than not, mostly circumstantial it is difficult to prove such cases in a court of law. Consequently the results are far from satisfactory. Magistrates and the police will be asked to give the matter their careful attention.

Use was made of section 250, Criminal Procedure Code, in 104 cases as against 119 in the previous year and the amount of compensation awarded was Rs. 3,833 as against Rs. 4,671.

5. The Deputy Inspector-General has explained the position fully in paragraph 9 of his report. The incidence of reported cognizable crime under the Indian Penal Code per one thousand of the population is 3·51 which, compared with that of other Provinces, places Sind again second in India, Burma being first with an incidence of 3·68. The incidence

Ratio of crime to Police.

for the Presidency Proper was 1·20 only in 1931. The incidence of true crime to population is 1 to 394 inhabitants and the incidence of cognizable crime to police is 4·32 to a policeman. The high incidence of crime scattered over vast areas, where road communications are inadequate, render the task of the Police in Sind exceedingly difficult.

6. The decrease in the number of *reported* Indian Penal Code cases has been remarked upon in paragraph 3 above and this decrease is also reflected in the number of *true* Indian Penal Code cases for disposal, which dropped from 8,984 in the previous year to 8,818. The reasons offered for the fluctuations in the figures of reported crime in respect of certain districts apply equally here. A further analysis of the figures of crime under the more important heads, as compared with the previous year, shows that under the heads 'Murders and cognate offences' and 'Robberies' there was little or no variation decreases are recorded under the heads 'Dacoities', 'House-breaking with intent to commit an offence', 'Cattle thefts' and 'Receiving stolen property'. It was only under 'Thefts' that there was any increase.

From the above it seems legitimate to infer that bad economic conditions are responsible to a very great extent for the high incidence of crime in the year under review. The little improvement that has been effected is probably the direct result of applying section 10 of the Criminal Tribes Act to the more notorious gangs of 'Patharidars'. A further reference to which is made in paragraph 6 of this review.

7. The percentage of undetected cases under the Indian Penal Code dropped from 53·65 to 49·57. The improvement is much to be appreciated in that the decrease, however slight, occurred in all districts but one, namely, the Upper Sind Frontier, where the percentage rose from 38·20 to 42·31. The best result was obtained in the Nawabshah district with a percentage of 41·24. The improvement was most noticeable in the Hyderabad, Sukkur and Thar Parkar districts where the percentage of undetected cases dropped by approximately 8 per cent. in each district.

The percentage of stolen property recovered fell from 31·84 to 31·13 but the percentage of complainants who recovered their property increased from 46·28 to 49·69. Property valued at Rs. 5,45,085 was stolen in 1932 as against Rs. 6,30,634 in the previous year.

### MEMORANDUM.

The Commissioner in Sind presents compliments and has the honour to submit the Administration Report of the Police Department in Sind for the year 1932.

2. The Office of the Deputy Inspector-General of Police was held by Mr. D. Healy throughout the year. 5. The Deputy Inspector-General has explained the position fully in paragraph 9 of his report. The incidence of reported cognizable crime under the Indian Penal Code per one thousand of the population is 3·51 which, compared with that of other Provinces, places Sind again second in India, Burma being first with an incidence of 3·68. The incidence

Ratio of crime to Police.

The little improvement that has been effected is probably the direct result of applying section 10 of the Criminal Tribes Act to the more notorious gangs of 'Patharidars'. A further reference to which is made in paragraph 6 of this review.

7. The percentage of undetected cases under the Indian Penal Code dropped from 53·65 to 49·57. The improvement is much to be appreciated in that the decrease, however slight, occurred in all districts but one, namely, the Upper Sind Frontier, where the percentage rose from 38·20 to 42·31. The best result was obtained in the Nawabshah district with a percentage of 41·24. The improvement was most noticeable in the Hyderabad, Sukkur and Thar Parkar districts where the percentage of undetected cases dropped by approximately 8 per cent. in each district.

The percentage of stolen property recovered fell from 31·84 to 31·13 but the percentage of complainants who recovered their property increased from 46·28 to 49·69. Property valued at Rs. 5,45,085 was stolen in 1932 as against Rs. 6,30,634 in the previous year.

8. The percentage of convictions obtained to true cases for disposal, including Class VI cases, increased from 36·11 to 40·97 but there was a slight decrease in the percentage of convictions obtained to cases tried. The percentage dropped from 76·73 to 76·57. The best result was obtained in the Thar Parkar district with a percentage of 94·04 and the worst in the Nawabshah district where the percentage was as low as 52·61. The District Superintendent of Police, the Deputy Inspector-General and the District Magistrate all express the opinion that there is need for an extra Police Prosecutor for the Nawabshah district. It is most unsatisfactory that nearly 50 per cent. of detected true cases should fail when taken to Court. The Deputy Inspector-General is being asked to submit a detailed report in the matter.

A gradual falling off in the percentage of convictions obtained to cases tried in the Sessions Courts is observed. The figures for the past 5 years from 1928 onwards are 74·41, 73·18, 73·50, 72·03 and 71·06 in 1932. It is however to be noted that the percentage jumped from 70·69 in 1927 to 74·41 in 1928 and had been below the figure of 1927 for some years. Nevertheless it is most desirable that the improvement marked in 1928 should be maintained and a special effort in this direction is looked for in the case of the following charges—the Karachi and Tatta charge, the Upper Sind Frontier, Nawabshah and the Sind Railways.

A further increase in the number of pending cases is much to be regretted. The figures increased from 2803 in the previous year to 2917 in 1932 of which 2,288 were pending with the Magistrates and 629 with the police as against 2164 and 639, respectively, in the previous year. Details are given in paragraph 13 of the Deputy Inspector-General's report. The abolition of certain appointments of Resident Magistrates from time to time have no doubt contributed towards the present unsatisfactory state of affairs. But there are other causes, which have been referred to by the District Magistrate, Sukkur, whose remarks on the subject have been quoted by the Deputy Inspector-General. A statement showing cases pending with magistrates is submitted to the Commissioner quarterly and everything possible is being done to speed up disposal.

9. The number of persons proceeded against under Chapter VIII, Criminal Procedure Code, decreased from 1338 to 1134. In last year's review the figure was reported to be 1277 instead of 1338. The Deputy Inspector-General now reports that certain figures of the Larkana and Sind Railways were omitted. Dadu is the only district

Habitual offenders and  
Chapter VIII cases

in which there was an increase. The figures rose from 83 to 294. The number of reported cognizable offences in Dadu district increased by two. If action on an extensive scale were really a preventive measure, a substantial decrease ought to have resulted. The District Superintendent of Police, Dadu, does urge that in consequence of the action taken crime was kept within certain limits and that there was actually a decrease of 22 in the number of cattle-theft cases ; but what is more likely is that the action taken under the Criminal Tribes Act against patharidars was responsible for the slight improvement.

Results of the action taken under the several sections under Chapter VIII are shown in Appendix IV. Of the 1134 persons proceeded against the police were responsible for 999 and the remainder 135, were taken up by magistrates *suo motu*. The percentage of persons ordered to give security decreased from 47.22 to 45.94 in police cases, but increased from 15.49 to 27.41 in magistrates' cases.

10. The number of serious crimes decreased from 519 to 497 and it is very satisfactory to note that the percentage of cases investigated by superior officers increased from 70.91 to 75.45.

Personal investigation and inspection.

Particulars of inspections of Police-stations and Out-posts visited are given in paragraph 38 of the report. The Commissioner is pleased to note that 117 out of 118 police-stations were visited and that out of 163 out-posts only 4 were not visited.

11. The discipline of the police force was very good. The number of cases in which it was necessary to inflict punishment was 125 as against 105 in the previous year, but the number of rewards granted for good service increased from 2380 to 3721. Officiating Inspector Ghulam Kadir Ghulam Muhammad and seven policemen were awarded the Indian Police Medal.

Internal administration.

The health of the police continues to be good. The percentage of admissions into hospital was 22.76 as against 22.73 in the previous year.

There were only 48 vacancies as against 150 in the previous year. Resignations dropped from 78 to 57 and enlistments from 605 to 393.

The percentage of educated officers and men on the actual strength increased from 46.87 to 48.82.

12. Plans and estimates have been approved and sanctioned for works which are estimated to cost Rs. 4,00,000 and Rs. 1,50,000 for Major Works and Minor Works, respectively. Government, however, were unable to provide anything for Major Works in 1932 and the Commissioner was only able to spare Rs. 67,081 for Minor Works. The Deputy Inspector-General remarks that among the more pressing needs of the Department are quarters for the policemen in the towns of Sukkur, Shikarpur, Jacobabad and Hyderabad. No doubt funds will be provided as soon as Government find it possible to do so.

13. A full and descriptive account of the work done by the Sind C. I. D. is given in para. 46 of the report. Criminal Investigation Department. Much useful work was done by the Crime Branch. The investigation into the case against the All India Lakshmi Trading Company, referred to in last year's report, was completed and the case has been committed to the sessions. The fact that over 20,000 police exhibits were collected and that it has been elicited from the enquiry that over 8,000 persons have been cheated give some idea of the labour involved. The help rendered by the Crime Branch in connection with the action taken under the Criminal Tribes Act against patharidars was very considerable. The Superintendent, Sind C. I. D., points out that the Political Branch was fully employed. The staff attended and reported upon 827 political functions, meetings and allied activities in addition to 896 other meetings of a religious and non-political character. The Branch also dealt with 49 cases of a political nature in which 76 persons were involved of whom only three were acquitted.

14. The numerical strength of the police executive force is inadequate to the needs of the province and it is most unfortunate that the remaining re-organization schemes cannot be sanctioned for want of funds. Particulars showing the strength of the force and its distribution are given in paragraphs 26 and 27 of the report.

15. The Commissioner is pleased to observe that the results obtained under investigation and prosecution are an improvement upon those of last year. Most noticeable is the drop in the percentage in the number of cases that were undetected. The Commissioner agrees with the Deputy Inspector-General that credit is due to the police for the decrease in the figures of crime, more especially those under the Indian Penal Code for, with an increasing number of unemployed coupled with acute economic depression, it was natural to expect an increase in crime. No doubt better results under prosecution would be obtained if there were less delays in courts.

16. The total number of persons registered dropped from 2,278 to 2,251. During the year 34 persons Criminal Tribes. were added to the list and 61 were removed from it. The number of prosecutions under the Indian Penal Code and Criminal Tribes Act increased from 23 to 31. The following new tribes were notified under section 3 of the Criminal Tribes Act—the Shars of the Sukkur district, all males of the Bingwani and Piarani Paros of Bangulanis over 18 years of age living in the Sukkur and Upper Sind Frontier districts.

It is satisfactory to be able to report that progress has been made in the endeavour to elaborate a system whereby the movements of the notorious gangs of cattle-thieves could be effectively controlled without incurring any additional expense. In restricting their movements care has been taken to see that ample opportunity is afforded to all to earn an honest living. Section 11 of the Criminal Tribes Act has been applied to all the patharidars (leaders) and section 10 to the patharidars and all members of their gangs. In all 62 gangs comprising 598 members have been brought under control. A statement is attached showing in brief the action taken. It will be observed that the Karachi and Tatta District is the only one in which no action has yet been taken. It is necessary to point out that though all males of Bingwani and Piarani Paros of Bangulanis were notified and registered as members of a Criminal Tribe their movements have not yet been restricted. It has been shown in previous paras. that there has been an appreciable decrease in the figures of reported crime under Indian Penal Code cases and the Commissioner is inclined to the view that the measure taken under the Criminal Tribes Act have helped to achieve this result.

In the review of the previous year it was remarked that the rules issued by the Commissioner under section 20 of the Act were defective. Revised rules have been drafted and will issue in due course.

17. The Commissioner in Sind notes with pleasure the names of officers who have merited special mention by Personnel the Deputy Inspector-General of Police for Sind and further congratulates Mr. Healy himself and the officers working under him on an efficient year's work in conditions of considerable difficulty.

(Appendix VIII).

2. The officers who held charge of the Office of the Deputy Inspector-General of Police for Sind, and of the offices of the Superintendents of Police, Assistants, and Deputy Superintendents of Police in the several districts of the Province during the year 1932 are shown in the statement attached herewith as Appendix No. I.

II.—POLICE CASES.

3. The statement which gives the number of cognizable cases reported to the police during the years 1930, 1931 and 1932, exclusive of cases under Chapter VIII, Criminal Procedure Code, is attached as Appendix No. II.

Total cognizable crime reported.

The figures of 1932 show a decrease of 57 cases as compared with those of 1931.

The decrease is explained as under :—

The decrease in the number of Indian Penal Code cases by 670 is very satisfactory. The increase in the number of Class VI cases from 526 to 1,139 is due to the action taken against persons participating in the Civil Disobedience movement.

There was a slight decrease in crime in Karachi City, but an appreciable increase in the district which is attributed to the economic depression and the effects of three bad agricultural seasons in succession. There has been a marked rise in the number of burglaries in the City. This was not unexpected owing to the increasing unemployment and distress. A contributory factor was the activities of persons in furtherance of the Civil Disobedience movement in that there were less policemen available for night rounds in the City.

Commenting upon the crime returns for the Hyderabad district, the District Magistrate writes—

“In spite of the general economic depression, the inadequacy of the Police force and the prevalence of the Civil Disobedience movement there has been a welcome decrease in crime. Action under Chapter VIII, Criminal Procedure Code, against bad characters and under the Criminal Tribes Act against certain patharidars has undoubtedly produced a good effect.”

There was also a fall in crime in the Sukkur district, and during the latter part of the year there was a marked decrease in the number of burglaries in the towns of Sukkur, Rohri and Shikarpur as a result of the preventive measures organised by the Superintendent. A critical situation arose at one period as a result of the flooding of parts of the Sukkur and Shikarpur talukas, but the prompt measures taken by the police to patrol the affected areas for the protection of life and property and to escort refugees to places of safety prevented an outbreak of crime.

The amount of crime in the Upper Sind Frontier district was slightly more than the previous year but well above the average. The District Magistrate writes—

“No material decrease can be expected until economic conditions mend. It is noticeable that there has been quite an appreciable decrease in the number of cases for the Kandhkot division, but this is counterbalanced by a similar increase in the Jacobabad division. One of the reasons for the increase of crime in this area is its proximity to the Kalat State and the mountains, and the creation of a highway for badmashes by the opening of the Khirthar Branch. A further reason is that this area was the happy hunting ground of Abdul Rahman, dacoit, and other badmashes commit crime here in the expectation that the suspicion will fall on Abdul Rahman.”

There was a decrease of crime in the Larkana district which is attributed to the fact that owing to the introduction of the re-organisation scheme there were more policemen available for supervision over the bad characters, and also to the registration of certain gangs under the Criminal Tribes Act.

In the Dadu district the quantity of crime was about the same as the previous year. Commenting on cattle-lifting in the district, the District Magistrate writes—

“A very considerable percentage of cattle thefts is not reported to the Police and in many cases other thefts and thefts with house-breaking are also not reported. This is due not only to the failure of the public to realise their duty to report crime, but in a very large measure also (1) to their lack of confidence in the detective capacity of the mofussil Police, (2) to the lack of zeal in the Policemen to record the crime and (3) to the cost the reporting involves to the sufferer

without appreciable results. Payment of 'Bhung' is generally considered a safer and easier course for getting back stolen property, which is undoubtedly bad for the administration. The public safety lies not so much in the numbers of the Policemen employed as in their quality and in their being alive to their sacred duty of rendering real service to men, for which they exist".

The apathy of the public and the inferior quality of the rank and file of the Police have to be endured, I am afraid, for many years to come. Superintendents of Police enlist the best material that can be had at the price. A better quality could be obtained at a higher price. On the other hand, really efficient cattle thieves are highly respected members of society in some parts of Sind. There is little or no moral turpitude attached to this form of crime. The first step that is necessary to check cattle-lifting is to make it a criminal offence to allow cattle to graze unattended. The Police during the year under report have taken preventive action on a large scale under Chapter VIII of the Criminal Procedure Code and particularly under the Criminal Tribes Act and much has been achieved, but unless the cattle owners co-operate the campaign that is now being waged against the cattle thieves will end in failure. The Vigilance Committees which have been established may in time prove useful.

In the Thar Parkar and Nawabshah districts also a decrease in crime is reported in spite of the adverse economic conditions.

On the Sind Railways, there was an increase of thefts in open yards and goods trains, but a decrease in thefts on platforms and in Railway quarters. The number of thefts committed by pick-pockets was less.

4. The statement which shows the cases reported under the more important heads of crime during the 1931 and 1932, is contained Appendix III.

There was a reduction under all heads except that of "Dacoities", which increased from 32 to 33.

*Cases struck off as false.*

5. There number of cases excluded as false was 3,739 (including 83 Class VI cases) as compared with 4,041 (including 87 Class VI cases) for the last year.

The percentages for the last 5 years are as follows :—

1928	...	...	...	25'31
1929	...	...	...	24'49
1930	...	...	...	23'69
1931	...	...	...	24'60
1932	...	...	..	28'38

The percentage has increased during the year under report but as compounded cases are included among the excluded cases, it is not possible to offer any useful remarks on these figures.

6. Out of 3,739 cases excluded, 577 were declared to be maliciously false. The figures for the last 5 years are as follows :—

1928	...	...	...	619
1929	...	...	...	640
1930	...	...	...	668
1931	...	...	...	626
1932	...	...	...	577

The number of prosecutions undertaken during the year was 128, including 62 pending from the previous year. Their disposal is shown below :—

Convictions	...	...	...	29
Discharged or acquitted	...	...	...	37
Pending at the close of the year	...	...	...	58
Withdrawn	...	...	...	1

				<hr/>
				128

The percentage of convictions to prosecutions was 22'66 against 32'65 in 1931 and 29'82 in 1930.

Deducting the pending cases the percentages of convictions for the last 3 years have been—

1930	...	...	...	52'04
1931	...	...	...	58'54
1932	...	...	...	41'43

The District Magistrate, Larkana, writes—

“The number of maliciously false cases in which the complainant was prosecuted is still very small, but the explanation is that it is generally difficult to prove by positive evidence that a case is false”.

The drop in the percentage of convictions is fortuitous.

*Vexatious complaints.*

7. Section 250, Criminal Procedure Code, was made use of in 104 cases during the year 1932 as against 119 in 1931, 101 in 1930 and 85 in 1929.

The amount awarded as compensation was Rs. 3,833 against Rs. 4,671 in 1931, Rs. 5,229 in 1930 and Rs. 3,825 in 1929.

8. A comparative statement showing the number of police cases and the percentage of real and excluded cases in 1931 and 1932 is subjoined.

9. The population of the Province according to the census of 1931 is 38,82,272. With the total true crime standing at 9,849, the proportion of true crime to population works out to 1 per 394 inhabitants. The highest ratio is shown by Karachi and Tatta Districts and the lowest by the Thar Parkar district, viz., 1 to 833.

The proportion of true crime to police works out to 3.19 offences to 1 policeman (exclusive of the Armed and some of the Mounted Police whose ordinary duties are not connected with crime investigation) and of cognizable crime investigated to 4.32. The proportion of population to each policeman is 677.89.

The figures of other Presidencies and Provinces which are available in this office for comparison under incidence of cognizable crime reported under Classes I to V per one thousand of population are those for 1930. They are shown as under:—

(1) Burma ...	3.68
(2) North-Western Frontier Province ...	3.47
(3) Central Provinces ...	2.56
(4) Punjab ...	2.07
(5) United Provinces ...	1.53
(6) Assam ...	1.49
(7) Bengal ...	1.32
(8) Bombay Presidency Proper ...	1.30
(9) Bihar and Orissa ...	1.09
(10) Madras ...	1.03

The Sind figures for the same year and for the year under report under incident of cognizable crime reported under Classes I to V per one thousand of population are 3.73 and 3.22, respectively. The Province of Sind stood first in 1930 in the whole of India.

The figures of the proportion of the entire Police force to area, population and cognizable crime investigated for the Sind Province

and the Bombay Presidency proper for the year 1931 are compared as under :—

—	Area.	Population.	Cognizable crime investigated.
Sind ...	8.49 sqr. miles 5.18 Railway miles.	686	2.39
Bombay Presidency proper.	4.61 sqr. miles 2.29 Railway miles.	940	1.59

In England and Wales the proportion was 1 Policeman to 1.54 square miles and 850 persons for the year 1931.

The above statistics are based on the total sanctioned strength of the Police force as shown in column 15 of Statement D.

Result of trial by classes of cases.

10. The result of trial by classes may be judged from the following table :—

Class.	No of real cases for disposal.	No. ending in conviction.	No. ending in discharge or acquittal.	Percentage of cases ending in conviction to real cases disposed of.		Percentage of cases ending in conviction to cases tried.

The results in the Nawabshah district are distinctly bad. The need of an Assistant to the Police Prosecutor is keenly felt.

11. The details of true Indian Penal Code cases, including pending cases from the previous year under the more important heads for the year under report as well as those for the preceding three years with the triennial average are given below:—

Offences under the Indian Penal Code.	1929	1930	1931	Triennial average.	1932

12. There were 497 crimes classified as serious during the year under report, and of these 375 were visited by Superintendents of Police, Assistant Superintendents and Deputy Superintendents of Police. That is 75.45 per cent. of all serious crimes were visited by superior Gazetted Officers. The reasons given for non-visitation were reasonable.

The percentage for visitations in the previous year was 70.91.

Sukkur, as usual, has the largest number of cases pending disposal at the end of the year.

The District Superintendent of Police, Sukkur, states—

“ In the beginning of December last I submitted 4 lists to the District Magistrate pointing out most of the overdue cases pending trial with a view to their trial being expedited. Long, protracted trials are obviously ruinous to the police prosecution; facts are forgotten and the threads of narratives are more often than not either omitted or overlooked by the Crown witnesses with the lapse of time. Over and above this, dilatory court proceedings furnish ample chances for all sorts of underhand tactics and outside influences for changing and winning over witnesses to the great detriment of police work. Prompt and speedy disposal of judicial work while on the one hand would show better results of police labour, on the other hand it is bound to reduce the inordinate expenses involved in judicial proceedings. Stricter and more drastic measures are urgently called for in the interests of public justice. Delays were mostly due to transfer applications unnecessarily long adjournments on the applications of defence pleaders, transfers of Magistrate, &c.”

The District Magistrate, Sukkur, writes—

“ The District Magistrate has from time to time impressed upon the Subordinate Magistrates the desirability of prompt and expeditious disposal of cases. The Magistrates' attention has been invited during inspections to observing the instructions contained in Judicial Commissioner's Circular No. A-318, dated the 12th February 1927, Government Resolution, Home Department No. 7127-C., dated the 20th January 1926, Commissioner in Sind's No. 5635-A., dated the 23rd April 1920, and No. 5635-A., dated the 9th July 1930, regarding prompt disposal of cases. The Magistrates are however being warned to accelerate the disposal of old cases pending with them and to avoid allowing undesirable adjournments. Sind compares very unfavourably with the Presidency in respect of delay in the disposal of criminal cases. The present District Magistrate intends during the current year to analyse the chief causes of delay in order to see whether the orders already issued are adequate.

The chief causes of delay are probably (1) non-attendance of accused and witnesses, (2) adjournments for alleged convenience of parties and (3) failure to serve warrants and summonses. There is no doubt that as regards (1) and (2) a good

deal of improvement is possible if courts will take a strong line. As regards (3) the difficulty will always be greater in Sind than in the Presidency owing to the longer distances, the poor communications, and the fact that people live in scattered hamlets to a great extent, and to the paucity of the police."

The law's delays are responsible for many criminals escaping justice.

## PERSONS IN POLICE CASES.

Persons in police cases:  
Statement A, Part II.

17. The number of persons arrested by the police was 15,507 as against 14,535 in 1931 and 14,760 in 1930.

Adding the number of persons concerned in pending cases of previous years, the total for each of the three years stands as under :—

1930.	1931.	1932.
18,313.	18,769	19,475

During the year under report 13,422 persons were placed before the Courts, 704 were released by the Police and 4,199 were awaiting trial or the conclusion of investigation or on bail at the end of the year.

Out of 13,422 persons disposed of by trial, 6,374 were convicted or 47.49 per cent.

The percentages for the quinquennial period are as under :—

1928	...	...	46.21

Buildings. 37. No allotment was sanctioned by Government for any Major work during the year.

An allotment of Rs. 67,081 was placed at my disposal by the Commissioner in Sind for Police Minor works. Of this a sum of Rs. 5,000 was surrendered to Government as it could not be utilised by the Executive Engineer, Rohri Canal Division No. II, for whom it was earmarked.

There are still Major Works amounting to over 4 lacs on the waiting list. All these works have been administratively approved by Government and require to be constructed as soon as possible. The most urgent of these works is the construction of Police Lines at Sukkur and at Shikarpur.

Minor works amounting to about Rs. 1,50,000 are awaiting the allotment of funds. The plans and estimates of these works have been administratively approved. In addition to these there are others about which correspondence is being carried on.

38. Out of 118 police-stations and 163 out-posts in the Province of Sind, including Sind Railways, 117 police-stations and 159 out-posts were visited and inspected by Superintendents, Assistant Superintendents and Deputy Superintendents of Police.

One officer was trained as Chief Operator and 32 were trained as Operators.

One Assistant Excise Inspector was trained as an Operator.

The number of Civil and Criminal cases in which the officers of the Finger Print Bureau, Karachi, were summoned to give evidence in the Courts of the various Magistrates and Judges in the Province was 29. The number of days the officers were absent from the Bureau on this account was 30.

Expert written opinions were given in 46 cases.

45. The following are the details of investigation made by Assistant Superintendents of Police and Deputy Superintendents of Police in accordance with sub-rule 4 of rule 1075 of Bombay Police Manual, Volume III, 1927 :—

Investigation by Assistant Superintendents of Police and Deputy Superintendents of Police.

Mr. Sarre, Assistant Superintendent of Police, while in Karachi investigated 4 cases.

Mr. Yates did not investigate any as he was an Assistant Superintendent of Police for only a short period.

Mr. Sanson who came to Sind towards the end of the year was not able to investigate any case under this rule as he was engaged in the inspection of police-stations and out-posts and in the visitation of serious crimes.

Mir Maqbul Khan who was directly appointed as Deputy Superintendent of Police is exempted from the operation of this rule.

46. Mr. Ray reports as follows:—

Criminal Investigation  
Department, Sind      Mr. A. W. S. Barnard held charge of  
the Sind C. I. D. from 1st January 1932 to 6th  
March 1932 and I held charge till 31st Decem-  
ber 1932.

2. *Crime Branch*.—The strength of the branch at the close of the year was—

- (1) One Deputy Superintendent of Police.
- (2) Two Inspectors.
- (3) Four Sub-Inspectors.
- (4) Eight Head Constables (two of these were lent to the Political Branch for the whole year and two for seven months).
- (5) One Clerk.
- (6) Five peons.

Khan Sahib Sukhia was in charge of the branch throughout the year.

3. *Suppression of Patharidars and Cattle-lifters in Sind*.—Under the guidance and personal supervision of the Deputy Inspector-General of Police for Sind and in consultation with the District Officers, 35 gangs of cattle-lifters, totalling 374 persons, have been notified under sections 3 and 10 of the Criminal Tribes Act. Out of these, 22 Patharidars (leaders) have been restricted under section 11 of the Criminal Tribes Act. Twenty-seven other gangs, totalling 224 persons, have been notified under section 3 of the Criminal Tribes Act. Details will be shown in the Annual Report on the working of the Criminal Tribes Act of 1934 in Sind.

4. The following important cases, pending from 1931, have been disposed of as under:—

(1) *The all India Laxmi Trading Company Fraud Case*.—In the Criminal case against the Directors and others of the All India Laxmi Trading Company mentioned in para. 5 (d) of last year's Sind C. I. D. Administration Report, as the accused Mirza Nazar Muhammad Beg successfully evaded for a year the efforts of the Sind and the Punjab Police to arrest him, Khan Sahib Sukhia, Deputy Superintendent of Police, proceeded to the Punjab and effected his arrest, on 24th January 1932, at the small village of Patti in the district of Kasur in the Punjab. He also recovered from

his possession the cash book of the Hyderabad Branch and three hundred and ninety six promissory notes of the face value of Rs. 55,075. Further enquiries by the Deputy Superintendent of Police in Sind and in the Punjab revealed that in Janunry 1932 the Managing Director (1) Chhabildas Bhatia of the All India Laxmi Trading Company, (2) Sheikh Muhammad Said, Managing Director of the Under Writer Provident Company of Lahore and (3) Kundanlal Gupta, the Chairman of the Upper India Provident Company of Lahore, conspired to criminally misappropriate promissory notes of the face value of Rs. 31,075, belonging to the All India Laxmi Trading Company of Lahore by selling them to number (3) above. Chhabildas Bhatia made false entries in the All India Laxmi Trading Company's cash book that these notes were sold to Kundanlal at half their value and from the proceeds Chhabildas made an entry in the books of his Company showing that Rs. 15,000 were deposited on 28th January 1932 at 7 per cent. interest with Muhammad Said (No. 2), Managing Director of the Under Writer Provident Company. Muhammad Said made corresponding false entries in his company's account books regarding the receipt of Rs. 15,000 from the All India Laxmi Trading Company and issued on 28th January 1932 a false fixed deposit receipt in favour of the All India Laxmi Trading Company. Kundanlal posed to be the purchaser of these notes but he could not show either from his accounts books or otherwise how he raised the money for the purchase of the notes. His accounts with the bank showed that from 13th August 1931 to January 1932 he had only annas six and pies three to his credit. Muhammad Said admitted that no money was received on which he had made entries in his company's accounts and the transaction was a fabrication. It was further ascertained that Muhammad Said and Chhabildas were men of no standing, that they were cheating the public by advertising for clerks who were asked to deposit sums of money as securities, but subsequently no employment or pay was forthcoming.

To show what bare-faced rogues the accused were, it may be noted that in February 1932 when Chhabildas visited Karachi (in company of one Niaz Ahmed Chowdhry whom he called his Scretary) for being interrogated by the Sind C.I.D. they even then started a Branch of the Upper India Provident Company at Karachi and succeeded in obtaining at least one deposit of Rs. 200 from a person who was led to believe that he would be taken on as a Cash Clerk. Two months later this person complained to the Police. Further enquiries

showed that Kundanlal, Chhabildas, Mirza Nazar Muhammad Beg and Niaz Ahmed Chowdhry were partners in this Company also.

Mirza Nazar Muhammad Beg collected from persons in Sind over Rs. 77,000, while Chhabildas is known to have personally received Rs. 3,817-12-0 from various victims in Sind.

As (1) the All India Laxmi Trading Company, Lahore, (2) the Upper India Provident Company, (3) the Under Writer Provident Company were all bogus concerns floated to cheat the public, (1) Mirza Nazar Muhammad Beg, Director and Manager of the Sind Branch of the All India Laxmi Trading Company, (2) Lala Chhabildas, Managing Director of the Company, (3) Kundanlal Gupta, (4) Muhammad Said, the Organiser of the Under Writer Provident Company and (5) Niaz Ahmed, Director of the Upper India Provident Company, were arrested and sent for trial in the court of G. H. Agha, Esquire, who was appointed a Special Magistrate for this case. The case proceeded practically daily from 26th October 1932 to 23rd December 1932 and in January of this year (1933) all the accused were committed for trial to the Sessions.

In this case the Sind C. I. D. collected over twenty thousand police exhibits and applications regarding loans from more than eight thousand persons who had been cheated.

At the instance of the Sind C. I. D. the company has been wound up and out of the assets in the form of promissory notes seized by the Sind C. I. D. it is possible that those duped by the accused may receive back part of the money they deposited.

Sub-Inspector Udham and Head Constables Jan Muhammad, Muhammad Arif and Menghraj assisted the Deputy Superintendent of Police.

(2) *The Metropolitan Loan Company.*—The Metropolitan Loan Company case mentioned in para. 5 (d) (ii) of last year's report is still pending in the court of the Additional City Magistrate, Karachi. It may shortly be completed.

(3) *The All India United Trading Company, Loan Department.*—In the All India United Trading Company, Loan Department's case mentioned in para. 5 (d) (iii) both the accused, Dur Muhammad son of Ghulam Muhammad Thahim

and Gul Muhammad son of Nur Muhammad Sumro were arrested and sent for trial. They have since been convicted by the Additional Judicial Commissioner, Karachi, under section 120-B, read with section 420, Indian Penal Code, and sentenced as follows :—

Accused No. 1 to 2 years' rigorous imprisonment and Rs. 2,000 fine or in default of the payment of fine to undergo 6 months' rigorous imprisonment.

Accused No. 2 to 2 years' rigorous imprisonment and fine Rs 500 or in default of the payment of fine to undergo 2 months' rigorous imprisonment.

Accused No. 2 was also convicted under section 477-A, Indian Penal Code, and sentenced to 1 year's rigorous imprisonment. Both the sentences of accused No. 2 are to run concurrently.

(4) *The Indian National Loan Company, Ludhiana.*—In the case of the Indian National Loan Company, Ludhiana, mentioned in para. 5 (d) (iv) of last year's report, accused Khairatiram son of Gangaram, Brahman, of Ludhiana, and Baburam son of Shadiram were arrested. They are undergoing their trial in the court of the 1st class Magistrate, Kotri. Accused Shadiram (father's name not known) is still absconding.

5. During the year under review the services of officers from the Crime Branch of the Sind C. I. D. were invoked by District Officers and by other departments. The following cases are worthy of mention :—

(a) *Customs Fraud Case.*—The Assistant Collector of Customs suspected a certain firm trading in electrical goods of defrauding Government of legitimate revenue by preparing invoices estimating the goods at half their current value. Khan Sahib Sukhia was deputed to make enquiries. While the Deputy Superintendent of Police was proceeding from the Customs House to the firm's office with the clearing Agent, Haridas Kunwarji Chandan, the latter's suspicious conduct prompted the Deputy Superintendent of Police to search his house immediately when a forged Customs seal, 105 triplicate bills of entry, together with invoices and bill forms duly filled in together with blank invoice forms of 13 well known European firms were recovered. Haridas was sent for trial in the court of the Additional City Magistrate, Karachi, for attempting to cheat the Collector of Customs of Rs. 34-3-0 as Customs

revenue in respect of the electrical goods consignment which had arrived on 26th January 1932 from Messrs. Alios Pragon Bros., Austria Wien by S. S. "Fusijama". Further enquiries and the accused's account books showed that he was in the habit of suppressing the original invoices (which he used to get from the firms for whom he was clearing the goods) and presenting at the Customs House forged invoices of less value. He was also forging triplicate bills of entry and affixing forged Customs seals showing the correct duty on the original invoices and handing these over to the firms for whom he cleared the goods and then pocketing the difference in duty from the merchants as well as defrauding the Customs. Scrutiny of various documents and 105 forged invoices resulted in bringing to light 12 other frauds committed by the accused depriving His Majesty's Customs of duty to the value of Rs. 1,133-13-0. In the first case he was sentenced to—

Two years' rigorous imprisonment under section 420-511, Indian Penal Code, and 2 years' rigorous imprisonment and Rs. 100 fine or 6 month rigorous imprisonment under section 468, Indian Penal Code. The sentences to run concurrently.

In the second case of several frauds he was committed to the Sessions and convicted and sentenced as under :—

Three years' rigorous imprisonment under section 420, Indian Penal Code.

Two years' rigorous imprisonment under section 468, Indian Penal Code.

Two years' rigorous imprisonment under section 477 Indian Penal Code, and Rs. 100 or 6 months in default. Sentences to run concurrently.

In this case Khan Saheb Sukhia was assisted by Inspector Abdul Rahman and Sub-Inspector Udham.

(b) *Larkana Grain Sale Society Fraud Case*.—Owing to the allegations and counter allegations which obscured the real issue, the Sind C. I. D., at the request of the District Superintendent of Police, Larkana, was called upon to investigate a very complicated fraud known as the "Larkana Grain Sale Society Fraud Case". Khan Saheb Sukhia was deputed

to take charge of the enquiry and the following facts were elicited in the investigation :—

A Grain Sale Society was started at Larkana. The aims and objects of which were—

- (1) to sell the agriculturists' grains at as high a rate as possible with the least expense;
- (2) to encourage the members to produce good quality grain.

Khan Bahadur Khuhro was the President and a person called Ahmed Bakhsh was paid Manager. The Society could only deal with members. The following were the qualifications for membership :—

- (i) That a member must have purchased shares of the Grain Sale Society worth Rs. 10;
- (ii) That a member must have been specially nominated by a Co-operative Credit Society which may have purchased "Grain Sale Society Shares" worth Rs. 10.

The Grain Sale Society could advance loans to its members on the security of grain (that had been deposited in the godowns of the Society) up to 66 per cent. of the market value of the grain so deposited.

The Larkana Grain Sale Society had dealings with the Sind Central Co-operative Bank, Ltd., Karachi. They had a mutual arrangement with the Larkana Zamindari Co-operative Bank, Ltd., where the Sind Central Bank had deposited a sum of Rs. 10,000 in current account for the use of the Grain Sale Society. The Grain Sale Society used to draw their requirements from this amount at the disposal of the Larkana Zamindari Bank on the security of grain deposited in the godowns of the Larkana Grain Sale Society who had to inform the Sind Central Co-operative Bank, Karachi, of the stock they were holding by sending returns immediately on drawing from the Larkana Zamindari Co-operative Bank. Mr. Dastur, Manager of the Sind Central Co-operative Bank, Ltd., Karachi, came to Larkana for inspection on 24th November 1930, 8th January 1931 and 1st August 1931. At the first visit he was not satisfied with the manner in which the accounts were kept and he instructed Ahmed Bakhsh to put matters right. On the second visit he found that the stock book which he had supplied to Ahmed Bakhsh was not written properly and that there was no stock of grain in the godowns. He also learnt

that Ahmed Bakhsh was trading privately in grain. At his third visit Ahmed Bakhsh purposely avoided producing any books for his inspection.

Mr. Dastur, corresponded with the Chairman, K. B. Khuhro, and insisted that promissory notes and mortgage deeds from the persons against whom loans were outstanding should be obtained and sent to the Bank.

In a letter, dated 14th August 1930, addressed to the Sind Central Co-operative Bank it was certified that the Society had grain worth Rs. 30,000 deposit in its godowns. This statement bore the signature of K. B. Khuhro, the Chairman, who, however, denied having written the letter and said it was a forgery committed by the accused Ahmed Bakhsh. To satisfy the Manager of the Bank, Ahmed Bakhsh made one Moulvi Shafi Muhammad his accomplice and showed that the latter, who nominally had taken loans from the Grain Sale Society, had mortgaged his lands as security for the loans.

On 12th January 1931, Moulvi Shafi Muhammad mortgaged his land to the Society and a proviso was added that if there was a deficit owing to fall in prices, &c., and that if the Society's dues could not be recovered from the sale of the 10,000 maunds of grain alleged to have been deposited in the Society, Moulvi Shafi Muhammad and one Muhammad Saleh would make good any difference. Ahmed Bakhsh as Manager also secured from Moulvi Shafi Muhammad three promissory notes dated 6th May, 30th June and 14th September 1931, for Rs. 7,500, 6,500 and 2,529-3-0, respectively.

Between May and August 1931 Moulvi Shafi Muhammad then sold his entire landed property and pocketed the proceeds. Muhammad Saleh, Shafi Muhammad's surety, also sold his landed property for Rs. 600. In September 1931, the Bank insisted that the mortgage deeds relating to the loans of Shafi Muhammad should be properly registered. Ahmed Bakhsh was ordered by the Chairman in writing to do so and he produced Moulvi Shafi Muhammad and Muhammad Saleh before the Chairman when they both said they had sold their lands.

On 12th November 1931, Mr. Hiranandani, the Auditor of the Co-operative Societies, Larkana, audited the accounts of the Society and discovered that 11,804 maunds of grain had been entered as having been deposited by Shafi Muhammad in the Society's godowns, and that the loan taken by Shafi Muhammad from the Society amounted to Rs. 15,916.

Ahmed Bakhsh then admitted however that there was no grain in the Society's godowns and that he had gone on leave and during his absence the stock had been sold by Moulvi Shafi Muhammad who had acted in his absence as Manager. There was nothing on record to prove that Ahmed Bakhsh had been granted leave and that Moulvi Shafi Muhammad was appointed in his place. On 22nd December 1931 Mr. Hiranandani reported accordingly to the Chairman.

On 18th January 1932, Ahmed Bakhsh was suspended. Shafi Muhammad also absconded on a complaint being lodged with the police.

Ahmed Bakhsh also became frightened and left Larkana in March 1932 on the pretext of going on Haj. He was, however, arrested by the Sind C. I. D. at Kiamari on 21st March 1932 and released on bail.

Moulvi Shafi Muhammad surrendered himself to the Deputy Superintendent of Police, Sind C. I. D., at Larkana on 29th March 1932 and offered to explain his account books. The accounts of various firms for three years were checked and as a result amounts were traced as having been received by Ahmed Bakhsh personally during the years 1930 and 1931 amounting in all to Rs. 5,745. Khan Saheb Sukhia confronted Ahmed Bakhsh with the parties from whom these amounts were received. He admitted receipt of the money and said he would explain the matter in court.

A scrutiny of the Society's accounts and certain documents found from Ahmed Bakhsh's house together with the accounts of Shafi Muhammad showed that the accused Ahmed Bakhsh was using Shafi Muhammad as a dummy and that he had falsely inflated the figures of Shafi Muhammad's grain stock in the Society's account books and that he (Ahmed Bakhsh) was drawing large sums of money from time to time against Shafi Muhammad's fictitious stock of grain. There had been obviously a secret partnership between Ahmed Bakhsh and Moulvi Shafi Muhammad. The latter was not even a member of the Society but was falsely shown as such in the Society's books. He was also shown as a member of the Managing Committee and it is amazing to note that although he was not even a member, he had actually taken part in several meetings of the Managing Committee of the Society. It was finally discovered that the Society's total losses amounted to Rs. 16,000 which amount had been shown as loans advanced to Moulvi Shafi Muhammad, the major

portion of which had been drawn by Ahmed Bakhsh himself on the imaginary stock of grain shown in the Society's books as deposited by Moulvi Shafi Muhammad.

Both the accused have been sent for trial in the Court of the Resident Magistrate, Larkana. During the hearing of the case, Khan Sahib Sukhia was in the witness box for five days explaining the various stages of the case and the relevancy of the documents. At the request of the Public Prosecutor, the District Magistrate, Larkana, made Shafi Muhammad an approver. Ahmed Bakhsh was committed to the Court of Sessions, Larkana, on 29th July 1932.

In this case Sub-Inspector Abdul Ghaffar Beg assisted the Deputy Superintendent of Police.

(c) *Messrs. Forbes, Forbes, Campbell & Co. wool fraud case*—In this case Messrs. Forbes, Forbes, Campbell & Company complained against one Gokaldas Amarsi trading under the name Chandumal Gokaldas & Co., representing himself and his four brothers Nanalal, Chunilal, Jamnadas and Keshowlal of Rajkot State. Messrs. Chandumal Gokaldas were the agents at Kathiawar for the Company. The complainants stated that they were cheated of a sum of over one and half lakhs which the accused had drawn as advances to shippers against wool which they certified to have been received from the shippers and to be in their possession on behalf of the complainants. On investigation it transpired that the alleged shippers were minors and sons and relations of the accused and aged between 6 and 12 years and that advances were received on false certificates. Stocks of wool worth about Rs. 10,000 were seized by the C. I. D. at Rajkot. Wool of the value of Rs. 12,000 was also recovered in Jamnagar State. All the accused except Gokaldas were arrested in Rajkot State. Accused Gokaldas was arrested at Karachi on a direct complaint filed by the Company in the Court of the City Magistrate, Karachi, in respect of three out of a total of fifty-eight frauds. Gokaldas has since been convicted and sentenced to one year's rigorous imprisonment. On the extradition of the above four accused, he will be sent with them for trial for conspiracy to defraud the complainant in respect of the other fifty-five items.

In this case Sub-Inspectors Bhojraj and Udharam assisted the Deputy Superintendent of Police

(a) *Enquiries regarding the illicit sale of charas at cut prices in the Nawabshah district.*—There were constant complaints to the Commissioner in Sind from the charas licensees of Nawabshah district that as they had broken the monopoly of a certain influential vendor by bidding higher and had thereby secured the charas shops at Shahdadpur and Nawabshah, the latter to ruin them had arranged for the unlicensed sale of charas at cut prices in the vicinity of their shops.

The matter was referred to the Sind C. I. D. who succeeded in catching three men selling charas at a bhang and opium shop at Sakrand and three men at a similar shop at Shahdadpur.

The accused caught at Sakrand have since been convicted by the Resident Magistrate, Nawabshah, and the case against the other three is still pending.

Inspector Ali Muhammad and Sub-Inspector Fazulullah conducted these enquiries.

(e) *Case against one Parial Shah and others under sections 420, 468, 471, 477-A and 120-B, Indian Penal Code.*—The assistance of the C. I. D. was requested by the Collector of Nawabshah to investigate a case in which a Zamindar claimed 249 acres of land on the basis of certain entries in the Naushahro taluka Land Revenue Registers.

Inspector Ali Muhammad was deputed to make enquiries assisted by Sub-Inspector Fazulullah and Head Constable Jan Muhammad.

Careful enquiries showed that figures in two survey registers pertaining to the years 1887-88, which were a permanent record of the river bank land in deh Mithiani of Naushahro taluka, had been altered by obliterating and changing entries against certain survey numbers.

Originally this land was shown as Government waste land but Zamindar Parial Shah's name had been substituted.

Investigation indicated that the Supervising Tapedar Muhammad Bachal, Tapedar Din Muhammad and second Munshi Muhammad Ibrahim were responsible for altering the entries in the old survey register and using them as genuine at the instigation of Zamindar Parial Shah who wanted the land. All the above including the Zamindar have been sent for trial before the Sub-Divisional Magistrate, Naushahro, under sections 420, 468, 471, 477-A and 120-B, Indian Penal Code.

(f) *Case against one G. M. Ghatwal under section 409, Indian Penal Code.*—One G. M. Ghatwal who was the Secretary of the Karachi Port Trust Workmen's Credit Society, in his capacity as such, misappropriated a sum of Rs. 4,000 belonging to the Society.

A complaint was lodged by the President at the Harbour Police-station and investigation was handed over to the C. I. D. at the request of the local police. Sub-Inspector Fazulullah after scrutinizing the Society's account books sent the accused for trial before the Additional City Magistrate, Karachi, under section 409, Indian Penal Code, for criminal breach of Trust in respect of Rs. 3,707-13-7.

6. *Photographic Branch.*—During the year roughly 250 photographs were taken. These consisted of—

- (a) Photos of foreign and Indian suspects and deportees ;
- (b) Photographs of letters, documents, &c., mostly of a political nature ;
- (c) photographs of water-marked documents ;
- (d) photographs of finger-impressions found on articles at scenes of offences ; and
- (e) photographs of criminals for incorporation with their history-sheets.

Inspector Galbraith and subsequently Sergeant Thompson were in charge of this work during the year. They were assisted by Sub-Inspector Udham and Head Constable Muhammad Araf.

7. *Preparation of history-sheets of Inter-Provincial and Inter-District Sind Criminals.*—This new activity of the Crime Branch was begun during the year. So far twelve history-sheets have been completed and published in the *Sind Police Gazette* and one hundred and one in addition were under preparation at the end of the year.

8. *Political Branch.*—The strength of the branch at the close of the year was—

- (1) One Deputy Superintendent of Police.
- (2) Two Inspectors of Police.
- (3) Eight Sub-Inspectors of Police (including four shorthand reporters, and one on deputation at Lucknow for Urdu shorthand training).

- (4) Twelve Head Constables (including two Head Constables, sanctioned in Bombay Government, Home Department, Government Resolution, No. 2255, dated the 17th June 1931).

- (5) Five peons

A staff of watchers consisting of six Constables were of special assistance to the Political Branch. These were temporarily lent to the Sind C. I. D. under the orders contained in Government Resolution, Home Department, No. 2255, dated the 17th June 1931.

Mr. Muhammad Yakub Umar Khan was in charge of the branch from 14th January till the 21st of August 1932, and subsequently Mr. Bhagwandas Premchand till the end of the year.

9. During the year under review, C. I. D. officers at Karachi, Hyderabad and Sukkur attended and reported on 827 political functions, meetings, congress flag salutation ceremonies, and allied activities, in addition to 896 other meetings, processions, &c., of a religious and non-political nature.

10. During the year various activities imposed a particularly heavy strain on the special Branch.

11. (*Vide* para 14 (v) of last year's Administration Report of the Sind C. I. D.) The case against Swami Govindanand under section 124-A, Indian Penal Code, ended in the conviction of the accused on the 30th January 1932, and he was awarded 2 years' rigorous imprisonment.

(*Vide* para 14 (ix) of last year's Administration Report of the Sind C. I. D.) The case against the accused Dr. Moolraj and Virendranath was postponed *sine die* pending the decision of the Karachi Conspiracy Case, and it was ultimately withdrawn.

12. The Political Branch dealt with 49 politico-criminal cases during the year, in which action was taken against 76 persons, of whom three were acquitted, seven released under section 562, Criminal Procedure Code, on furnishing security for good behaviour five were released on tendering apologies undertaking not to participate in the civil disobedience movement, and three were sent to Reformatory Schools for periods ranging between 3 and 5 years. Fifty-eight persons were convicted and sent to jail.

13. Five absconders were arrested by the Political Branch, including the All India Revolutionary Hansraj *alias* "Wireless". Of the five one was extradited by the Jodhpur State authorities, one was convicted at Hyderabad, two were handed over to the Punjab Police, and one to the Karachi City Police.

14. The forty-nine cases dealt with by the branch are detailed as under :—

15. Detailed accounts of the more important of these cases are given below :

(i) *Karachi Conspiracy Case*.—Eleven persons mentioned below of revolutionary tendencies conspired together and made preparation to rob the Customs Cashier, Karachi, of Government money :—

Dr. Moolraj, Virendranath Pandey, Fatehraj, Gurbuxsingh, Harisingh, Munshiram, Sadhusingh, Birji, Diwanchand, Mukandlal Shah and Boorsingh.

Failing in their attempts at Karachi, three of them went to Jodhpur where they made preparations for committing dacoity, but were arrested before accomplishing this object. Two of them, Fatehraj and Gurbuxsingh, were arrested by the Jodhpur Police in possession of a revolver. The Deputy Superintendent of Police, Sind C. I. D., was sent to co-operate with the Jodhpur Police and the contemplated conspiracy at Karachi was revealed. Harisingh was made an approver, and the remaining accused were tried at Karachi. Two, *viz.*, Dr. Moolraj and Virendranath Pandey, were acquitted, and the remainder convicted and sentenced to various terms of imprisonment ranging from 6 months to 2½ years. (Case No. 262 of 1932 of the City Police-station, Karachi, under sections 399, 401, 402 and 120-B., Indian Penal Code).

(ii) *Capture of Hansraj alias "Wireless".*—This absconder was wanted by the Punjab Police in the Lahore Conspiracy Case, and the Punjab Government had allocated a reward of Rs. 1,500 for his capture. He was also concerned in the attempt to blow up the Viceregal Train in December 1929. Information was obtained by the Deputy Superintendent of Police that Hansraj was in Sind and he was finally located and arrested on the 3rd June 1932 with the co-operation of the Hyderabad Police at a farm near the village of Husri, about six miles from Hyderabad (Sind). In the early hours of the morning, a party of police led by the Superintendent of Police, Sind C. I. D., surrounded the farm and Hansraj was arrested while asleep in bed. On the arrival of mashirs, a loaded automatic pistol and cartridges were found underneath his pillow; and on searching the farm, a home-made pistol, a counterfeit coining apparatus and coins, explosive substance and two empty bomb-shells were recovered. Cases were registered against the accused under sections 235/243, Indian Penal Code, for counterfeiting and under sections 19 and 20 (a) and (f) of the Indian Arms Act. These cases were conducted by the Hyderabad Police and ended in the conviction of the accused by the Hyderabad Sessions Court to rigorous imprisonment for five years in each case. The accused's appeal in the counterfeiting case was rejected by the High Court. (Hyderabad Chauri Police-station Case Nos. 125 and 138 of 1932.)

After obtaining the sanction of the Government of Bombay, the third case against the accused under sections 4 and 5 of the Explosive Substance Act is at present proceeding before the Sessions Court at Hyderabad.

(iii) *Seizure of Congress Printing Press.*—On the night of the 27th November 1932, on receiving reliable information that the unauthorised news-sheets, which were being published daily in Karachi, emanated from a house situated in Clayton Road, Bunder Road Extension, Karachi, the Deputy Superintendent of Police obtained at midnight a search warrant from the Additional City Magistrate, Karachi. The house was subsequently raided, and a complete Printing Press, with copies of congress bulletins in Sindhi, Gujrati and English, and other incriminating material were seized, and two accused were arrested. On suspicion another house in the vicinity was also raided, and one Amrit K. Thadani was arrested together with the Congress accounts and other incriminating papers. A fourth accused Pahlaj, who was in jail for an offence under the Ordinances, was also implicated. Amrit K. Thadani was convicted under section 17 (1) of the Criminal Law Amendment Act and sentenced to six months' rigorous imprisonment and a fine of Rs. 500 or three months' simple imprisonment. He also received under the Emergency Powers Press Act a further six months' rigorous

imprisonment with a fine of Rs. 300 or six weeks' imprisonment. The two accused who confessed were ordered to furnish security for good behaviour; and Pahlaj, the fourth accused, was sent to a Reformatory School for three years. (Ranchore Police-station, Karachi, Cases Nos. 438 and 439 of 1932.)

(iv) *Ten thousand Rupees Pick-Pocketing Case on the Railway Platform, Hyderabad.*—The Deputy Superintendent of Police, Political Branch, received information at Karachi that two persons were spending money lavishly in the bazaar in a suspicious manner. With the sanction of the Superintendent of Police, Sind C. I. D., he followed up this clue, and finally arrested one accused at Sukkur, who produced Rs. 3,000 in notes concealed in a latrine. The other accused was arrested at Peshawar with property worth about Rs. 500. The case is now pending before the Sessions Judge, Hyderabad (Sind). (Hyderabad Railway Police Case No. 78 of 1932.) As the information called for prompt action, the C. I. D. took action without the sanction of the Superintendent of Police, Sind Railways.

(v) *Kannu Bhai Hansaji Patel.*—By means of secret enquiries it was disclosed that the above-mentioned person had been sent from Gujarat to work behind the scenes as an agent of Congress, and was known in Congress circles at Karachi as the "Governor of Sind". He was therefore served by the District Magistrate, Karachi, with a notice to leave Sind, whereupon he made anti-Government speeches as a Sind Dictator and was arrested and finally convicted to nine months' rigorous imprisonment by the Additional District Magistrate, Karachi. (City Police-station Karachi, Case No. 410 of 1932 under section 17 of Ordinance X of 1932.)

(vi) On information that one Dayaram Topan Mukhi, Manager of the Khadi Bhandar, Nanakwada, Karachi, was a secret worker of Congress, he was served with a notice by the District Magistrate, Karachi, not to participate in the civil disobedience movement. Subsequently, on receipt of reliable information that he was in charge of the Publicity Branch of the local Congress, and was in possession of unauthorised news-sheets, a search warrant was obtained, and bulletins were seized from his Bhandar. He was accordingly convicted and sentenced to four months' rigorous imprisonment. (City Police-station, Case No. 631 of 1932, under section 17 of Ordinance X of 1932.)

(vii) *Seizure of Congress Cyclostyle Machine at Hyderabad.*—On the morning of the 6th March 1932, a cyclostyle machine with accessories and some unauthorised news-sheets were seized at Hyderabad by the Sind, C. I. D. Sub-Inspector posted there on

special duty. Udham Chhataram Melwani, from whose possession these articles were seized, was convicted to six months' rigorous imprisonment. (Hyderabad Chauri Police-station, Case No. 32 of 1932.)

(viii) *Seizure of Bharat Saraswati Mandar, Karachi.*—On the 13th February 1932, the Bharat Saraswati Mandar, Karachi, was searched and some unauthorised news-sheets and a cyclostyle machine attached. The Principal of the Institution, Mansukhram M. Jobhanputra, was subsequently convicted to six months' rigorous imprisonment and fined Rs 250. The Institution was then declared unlawful and the building was taken over by Government. [Ranchore Police-station, Karachi, Case No. 50 of 1932, under sections 11 and 18 of Emergency Powers Press Act, and section 17 (1) and (2) of the Criminal Law Amendment Act of 1908.]

(ix) "*Sansar Samachar*" Newspaper.—This newspaper edited by one Rijhumal B. Agnani, and printed by Assudomal Udham Makhija was publishing anti-Government editorials and photos of Congress leaders. In spite of warnings from the District Magistrate, Karachi, the accused still continued to use the newspaper for Congress propaganda. Consequently, the District Magistrate, Karachi, was moved to sanction their prosecution and the accused were convicted and fined Rs 50, which amount they paid. (City Police-station, Karachi, Case No. 642 of 1932 under section 17 of Ordinance X of 1932.)

(x) *Cases under the Indian Arms Act.*—Information was received that one Ahmed son of Sumar living in Karachi possessed a double-barrelled country-made unlicensed pistol, which he was trying to sell. A bogus purchaser was arranged, and the accused caught red-handed. He was convicted to twelve months' rigorous imprisonment. (Case No. 41 of 1932 of Baghdadi Police-station, Karachi, under section 19 (a) and (e) of the Indian Arms Act.)

While searching the house of the same accused a magazine pistol, a rifle barrel and 8 lbs. of sulphur were also found. The two weapons were practically unserviceable and the accused received a further four months' imprisonment. (Baghdadi Police-station, Karachi, Case No. 56 of 1932.)

On information that one Hamal son of Gul Muhammad Makrani was in possession of an unlicensed revolver, he was searched and the revolver secured. This case is still pending in court. (Baghdadi Police-station, Karachi, Case No. 321 of 1932, under sections 19 (e) and (f) of the Indian Arms Act.)

16. (*Vide* para. 15 of the last year's Administration Report of the Sind C. I. D.) The staff of watchers was very usefully employed during the year under the supervision of the Deputy Superintendent of Police. They regularly reported during the year on eighty local suspects, eight foreigners and fifteen revolutionaries from other parts of India.

17. In November 1932, Inspector Ghulam Kadir, of the Sind, C. I. D., was awarded the Indian Police Medal for the gallantry he displayed on the 3rd June 1932, when the armed revolutionary Hansraj *alias* "Wireless" was arrested.

18. *Remarks.*—There has been no sensational case taken up by the Crime Branch during the year, but the branch has been active in suppressing and bringing to book the organisers of fraudulent concerns which were depriving the public of lakhs of rupees.

The Political Branch accomplished a heavy year's work, and during the first half of the year successfully stamped out the attempts made to establish a revolutionary regime in Sind. The number of meetings attended and reported on was very little lower than in 1931, a record year, namely 1,700 in 1932, against 1,900 in 1931. Owing to the gradual fading out of the Civil Disobedience Movement in 1932, the number of non-political meetings doubled during the year. The renewed outbreak by Gandhi's followers in January 1932, naturally imposed extra vigilance by the Special Branch of the C. I. D. and the result of their efforts is reflected by the fact that at present Sind appears to show less subversive activities than any other part of India.

The office staff has had a particular heavy year's work in coping with the extraordinary increase in typing work, the opening of criminal history sheets and dealing with the recently started Criminal Tribes registration.

I desire to make special mention of the following officers:—Khan Sahib J. R. Sukhia for unravelling intricate fraud cases; Mr. Muhammad Yakub for the capture of Hansraj *alias* "Wireless" and the successful conclusion of the Karachi Conspiracy Case; Mr. Bhagwandas for his capture of the Congress Press, and Inspector Ghulam Kadir for his arduous duties in the Special Branch. Sub-Inspectors Abdul Karim and Allahwasayo have done particularly well at Hyderabad and Sukkur. Inspector Mascarenhas and Sub-Inspector Rupchand along with Messrs Dias, DeSouza and Lashkar Khan have been of great assistance to me in office. Mr. Karale as Manager of the Finger Print Bureau and Sub-Inspector Abdul Ghafoor as an inquiry officer worked with their usual efficiency. Mr. Ramchand, Sub-Public Prosecutor, assisted both branches regarding legal matters.

47. The Police Prosecutors appeared in 3,937 cases of which 1,992 ended in conviction. The percentage of conviction to cases tried was 50·60 as against 42·38 in 1931.

Work of the prosecuting Staff.

The total number of cases conducted by the Prosecuting staff shows an increase of 1,117 as compared with the preceding year.

Twenty six non-police cases and 10 appeals were conducted by them under the orders of the District Magistrates.

The total strength of Prosecutors in Sind is 13 and 3 Sub-Public Prosecutors or 16 in all.

The District Magistrate, Upper Sind Frontier, stresses the necessity for an Assistant to the Police Prosecutor in the Upper Sind Frontier district.

In the Nawabshah and Thar Parkar districts also Assistants to the Police Prosecutors are necessary.

48. The total cost of the Police in Sind for the year 1932-33 was Rs. 35,73,872 as compared with 34,37,030 in the year 1931-32.

Cost of the Sind Police.

The increase of Rs. 1,36,842 was due to—

(a) the entertainment of 63 men (1 Sub-Inspector and 62 men) as shown in para. 26 of the report;

(b) the enlistment of the extra police sanctioned in the reorganization scheme under Government Resolution, Home Department, No. 7200-IV, dated the 7th April 1931; and

(c) the replacement of the 467 muskets by 410 muskets.

The cost of the Police Clerical establishment during the year 1932-33 was Rs. 1,74,197 as against Rs. 1,86,892 in 1931-32.

The decrease of Rs. 12,695 was due to the 10 per cent. cut in pay.

49. The Province was honoured by a visit from His Excellency the Viceroy in January for the purpose of opening the Lloyd Barrage and Canals.

Salient features.

The Civil Disobedience Movement received a shock in the beginning of the year from which it never recovered, and in spite of intermittent efforts to revive it, it is now in a state of collapse.

The promulgation of the Ordinances stifled the enthusiasm of most of its adherents, and there is a greater tendency towards constitutional agitation. The friends and servants of Government have raised their heads again.

The realisation of the fact that Sind will shortly have its own Government has eased the communal tension.

Owing to the continued economic depression and distress, a rise in crime was anticipated. For that reason it is all the greater pleasure to be able to record a decrease, for which the police deserve some credit.

Needs of the Department. 50. The more pressing needs of the department are—

- (1) The completion of the reorganisation scheme.
- (2) The construction of quarters for the policemen in the towns of Sukkur, Shikarpur, Jacobabad and Hyderabad.
- (3) The appointment of a Criminal Tribes Settlement Officer for Sind ;
- (4) The co-operation of the public.

The police are working under very demoralising conditions in the Hyderabad, Nawabshah, Tatta and Thar Parkar districts. The police stations are under-staffed and they cannot cope with the work.

51. During the year under review the department lost the services of a very promising Officer in Inspector Sajansingh Budhusingh who died as the result of an accident.

Concluding remarks.

Mr. Gopaldas Daulatram, Deputy Superintendent of Police, retired on superannuation pension after many years of loyal service.

I desire to express my appreciation of the efficient manner in which all Superintendents administered their charges during the year.

The Criminal Investigation Department, which was under the control of Mr. Ray for the greater part of the year, maintained its high standard of efficiency.

Among Deputy Superintendents the work of the following officers deserves special mention :—

Mr. Eates,  
 Mr. Gokaldas Wadhmal,  
 K. S. Syed Muhammad Hussain Shah,  
 K. S. J. R. Sukhia,  
 Mr. Chimandas D. Motwani,  
 R. B. Tahilram D. Vasvani, and  
 Mr. Bhagwandas Premchand.

The work of my own office staff throughout the year was very satisfactory and Mr. Bulchand Hemandas, the Head Clerk, and Mr. Jethanand Navalrai, the Accountant, carried out their duties in their usual efficient manner.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd.) D. HEALY,

Deputy Inspector-General of Police for Sind.

## APPENDIX VIII.

**Annual report on the working of the Criminal Tribes Act, 1924, in Sind.**

Notification of Criminal Tribes.

The following tribes or parts of tribes are notified :—

- |   |  |
|---|--|
| (1) Jagiranis, of Dubar, Sukkur district.             |  |
| (2) Hurs, of the Thar Parkar and Nawabshah districts. |  |
| (3) Bhands, of the Thar Parkar district.              |  |
| (4) Jokhias   | } These tribes are living in certain villages of the Sakrand and Kandiaro talukas of the Nawabshah district. |
| (5) Kirias  |  |
| (6) Mangwanas   |  |
| (7) Khushks   |  |
| (8) Shahanis  | ... Living in certain villages of the Nawabshah and Dadu districts.  |
| (9) Shars   | ... Living in Mirpur Mathelo and Ubauro talukas of the Sukkur district.                                      |

During the year under report the members of the Shar tribe residing in the Ubauro and Mirpur Mathelo talukas of the Sukkur district were declared to be members of a criminal tribe for the purposes of section 3 of the Criminal Tribes Act, 1924.

The movements of 32 men were restricted under Government of Bombay notifications Nos. 946/3-I, 946/3-II and 946/3-III, dated the 8th June 1922, and in exercise of the powers conferred on them by section 11 of the said Act.

Registration.

All the tribes notified have been registered.

Application of section 10.

This section has been applied to all tribes or parts of tribes notified.

Application of section 11.

This section has been applied to the Shars and Jagiranis in the Sukkur district, and to the Hurs in the Nawabshah and Thar Parkar districts.

The Jagiranis are restricted in their movements to the 11 villages around Dubar, the names of which are mentioned in Bombay Government notification No. 3835, dated the 9th March 1931, Home Department.

There are 3 settlements in Sind—one in the Thar Parkar district at Sanghar, and two in the Nawabshah district at Jalalani and Sinjhora—in which selected Hurs of both the districts are detained. They are under the management of the local Police-station Officer, and they maintain themselves by agricultural labour.

No member of any tribe other than that of the Hurs has been interned in a settlement. A total force of 3 Head Constables and 12 Constables is employed to guard these Hur Settlements.

The total number of persons registered under the Act at the close of the year was 2,251 as compared with 2,278 at the beginning of the year. During the year under report 34 persons were added to the register. Against this increase, there was a reduction of 61 which is explained as under:—

32	died.
17	struck off for improvement of character.
12	exempted for other reasons.
<u>61</u>	

During the year 8 registered members were convicted under the Penal Code. These consisted of 2 Jagirani of the Sukkur district, 2 Hurs of the Nawabshah district, 1 Bhand of the Thar Parkar district and 3 Shars of the Sukkur district.

Convictions under section 22 (1) of the Criminal Tribes Act numbered 22; they include—

5	Jagirani of the Sukkur district,
7	Hurs of the Nawabshah district, and
10	Bhands of the Thar Parkar district.

One Khusk of the Nawabshah district was convicted under section 22 (ii) of the Criminal Tribes Act.

The total number of persons convicted during the year was 31 as against 23 in 1931.

#### NOTES ON INDIVIDUAL TRIBES.

*Jagirani*.—The problem of dealing satisfactorily with this thieving tribe is still unsolved. They are unable to resist the temptation of lifting their neighbours' cattle which are allowed to graze unattended in the dense forests surrounding their settlement.

Most of their hamlets were inundated during the 'abkalani' season, and they were obliged to move their abode for a time. This made it almost impossible to keep a check on them as the only means of transport was by boat.

I expressed an opinion two years ago that the settlement at Dubar should be abandoned and some more suitable and accessible locality selected. It ought to be possible to give them some land in exchange for their ancestral estates at Dubar.

The District Magistrate is considering the problem.

During the year the following offences were committed by members of this tribe :—

- (1) Thirty-one Jagiranis were sent up during 1932 for offences against property, mostly cattle-lifting under the Indian Penal Code. Of these 2 were convicted, 11 discharged and 18 are under trial.
- (2) Twelve were proceeded against under section 22 (i), Criminal Tribes Act. Of these 5 were convicted, 3 discharged and the remaining 4 are awaiting trial.
- (3) Twelve Jagiranis with previous convictions were sent up for offences committed under the Indian Penal Code and the Criminal Tribes Act.

Five Jagiranis were exempted from the operation of the Act during the year for having shown improvement in their character and conduct.

Four Jagirani boys are attending the village school at Dubar.

*Shars.*—The Shars are notorious cattle thieves residing in the Ubauro and Mirpur Mathelo talukas of the Sukkur district.

They were notified during the year and the movements of 32 of them restricted.

*Hurs.*—The more fanatical members of this tribe including women and children are confined in the following 3 settlements :—

Sinjhor	...	...	...	42
Jalalani	...	...	...	71
Sanghar	...	...	...	89
Total				<u>202</u>

Outside the settlements the total number of registered Hurs amounts to 938 in the Nawabshah district and 696 in the Thar Parkar district.

The settlements of Sinjhora and Jalalani are situated in the Nawabshah district while that of Sanghar is in the Thar Parkar district.

During the year under report no Hur was deported.

Two Hurs were released from the Sanghar Settlement for improvement of character and 4 from the settlements in the Nawabshah district.

The Hurs gave little trouble during the year. Fear of deportation is the principal deterrent.

*Bhands*.—This is a small tribe scattered throughout the Thar Parkar district with a registered number of only 61 persons at the close of the year.

The Bhands belong to the Chandio clan. Their '*habitat*' is the Samaro taluka of the Thar Parkar district, but they are nomadic to a certain extent and are hereditary cattle thieves.

There were 10 prosecutions during the year against these persons for infringing the provisions of the Criminal Tribes Act.

There was also one prosecution against them under the Indian Penal Code.

*Jokhias, Kirias, Mangawanas, Khushks and Shahanis*.—The total number of registered members of all these tribes amounts to 181 against 198 in 1931. All these persons reside in the Nawabshah district with the exception of 27 Shahanis who reside in the Manjhand taluka of the Dadu district

GENERAL.

Considerable progress has been made during the year in dealing with gangs of cattle thieves under the Act, and some of the more notorious Patharidars are being deported to settlements in the Presidency proper.

It is anticipated that the action which is being taken will have the effect of breaking up the main cattle thieving organisations in the Province.

Revised rules under section 20 of the Act are in course of preparation.

A Criminal Tribes Settlement Officer has not yet been appointed.

Deputy Inspector-General of Police for Sind.
