JUDICIAL DEPARTMENT.

OFFICE OF THE COMMISSIONER IN SIND,

Government House, Karachi, 26th April 1934.

MEMORANDUM.

The Commissioner in Sind presents compliments and has the honour to submit the Administration Report of the Police Department in Sind for the year 1933.

2. Mr. D. Healy held charge of the Office of the Deputy Inspector-General of Police for Sind from the beginning of the year to 11th May 1933, and again from 12th November 1933 to the end of the year, Mr. Zia-ud-din Ahmed acting for him during his absence on leave from 12th May 1933 to 11th November 1933.

Only the following Superintendents' charges were held by the same officer throughout the year:—

Karachi and Tatta, Larkana, Nawabshah and Sind C. I. D.

On the whole, however, there were fewer changes in the district charges than in the previous year.

3. There was a decrease of 1,250 in the number of reported cognizable offences during the year, the figures having fallen from 13,629 to 12,379. A reference to Appendix II will show that the number of cases under the Indian Penal Code and Class VI, dropped from 12,490 to 11,803 and from 1,139 to 576, respectively. All the districts, except Dadu, contributed to the decrease. It is gratifying to note that there was a reduction under the heads "House-breaking offences" and "Cattle-thefts". The main reasons given for the decrease are—

- (1) the cessation of political agitation during the year which enabled the police to give more attention to the prevention of crime;
- (2) increased demand for labour in the newly irrigated areas; and
- (3) the action taken under the Criminal Tribes Act against habitual cattle-thieves.

The Deputy Inspector-General of Police for Sind remarks that the increase in crime in the Dadu district "is mainly due to a rise in the number of 'hurt' cases which the District Superintendent of Police attributes to the readiness of Magistrates to allow cases to be compromised". The District Magistrate, however, remarks as follows:—

"The increase is due to more extensive cultivation owing to the Barrage resulting in proportionately greater number of quarrels and criminal trespasses. The Magistrates in this district have, however, been ordered not to allow compromises in police cases, which are compoundable with Court's permission, unless there are strong and sufficient reasons for doing so."

In this connection the Commissioner would observe that a copy of paragraph 5 of Government Resolution, Home Department, No. P.-132-I., dated the 30th September 1932, on the Police Administration Report of the Bombay Presidency (excluding Sind), which is reproduced in paragraph 3 of the Deputy Inspector-General of Police's report, has been forwarded to all District Magistrates in Sind.

4. The number of excluded cases increased from 3,739 to 4,208 and the percentage of cases excluded to cases reported, dropped from 28·38 to 27·19. The number of cases declared to be maliciously false was 646 as against 577 in the previous year. Prosecutions were instituted in 145 cases as against 128 in the previous year and the percentage of convictions obtained, was 58·62 as against 41·43 in 1932.

Section 250, Criminal Procedure Code, was made use of in 105 cases as against 104 in the previous year and the amount of compensation awarded was Rs. 3,815 as against Rs. 3,833.

5. Full particulars are given in paragraph 9 of the Deputy Inspector-General's report. The incidence of reported cognizable crime under the Indian Penal Code per one thousand of the population, was 3·04. The latest reports available for other Provinces are of 1931. Sind stood third on the list in 1931 with an incidence of 3·39 per one thousand, North-West Frontier Province and Burma being first and second with an incidence of 3·66 and 3·48, respectively. The incidence of true crime to population was 1 to 471 inhabitants as compared with 1 to 394 in the previous year. The incidence of true crime to police, works out to 2·67 offences to a policeman (exclusive of the armed and some of the Mounted Police, whose ordinary duties are not connected with crime investigation) and cognizable crime investigated to 4·04 as against 3·19 and 4·32, respectively, in the previous year.

6. The total number of true Indian Penal Code cases for disposal dropped from 8,818 to 7,797. Under True crime. the more important heads there were decreases as follows :—

- (1) murder and cognate offences from 303 to 296,
- (2) house-breaking from 2,877 to 2,386,
- (3) cattle-thefts from 1,702 to 1,405, and
- (4) receiving stolen property from 355 to 271.

It is satisfactory to note that the figures of true crime under the above-mentioned heads are also below the averages of the previous triennium. The reasons given in paragraph 3 for the decrease in the figures of reported crime apply equally here.

7. The percentage of undetected cases dropped slightly from 49'57 to 49'19, but it is to be noted that the percentage increased in the Larkana, Dadu, Nawabshah, Upper Sind Frontier and Thar Parkar districts. The last named district showed the highest percentage, *viz.*, 55'65 which is attributed to the shortage of investigating staff, the great distances to be travelled and the fact that the district is bounded on three sides by Indian States. The Karachi and Tatta Districts and the Sind Railways recorded an improvement, the percentages being 45'50 and 51'97 as against 49'17 and 57'44, respectively, in the previous year.

The percentage of stolen property recovered was 31'45 as against 31'13 in the previous year, and the percentage of complainants who received back their property was 49'34 as against 49'69 in 1932. The value of property stolen, dropped from Rs. 5,45,085 to Rs. 5,41,639.

8. The percentage of convictions obtained to true cases for disposal, including Class VI cases, increased from 40'97 to 41'57. The percentage of cases ending in conviction to cases tried, increased from 76'57 to 81'40. The best results were obtained on the Sind Railways and in the Karachi and Tatta and Larkana districts where the percentage was 100'00, 86'42 and 86'17, respectively. The Nawabshah district again showed the poorest results. It was stated in last year's review that the Deputy Inspector-General of Police was being asked to submit a detailed report in the matter. A copy of the Deputy Inspector-General of Police's report was submitted to Government under the Commissioner's endorsement No. 1219-J., dated the 10th August 1933. The District Superintendent of Police, the Deputy Inspector-General of Police for Sind and the District Magistrate have again pointed out that the need for an extra Police Prosecutor for the Nawabshah district, is keenly felt.

There is a slight decrease in the percentage of convictions obtained to cases tried in the Sessions Courts. The percentage fell from 71·16 to 70·48. The highest percentages were obtained in the Karachi and Tatta Districts (87·50) and on the Sind Railways (92·31). This is very creditable. The decrease is most noticeable in the Upper Sind Frontier district where the percentage was 50·00. The poor results in this district are stated by the District Superintendent of Police to be due to the fact that all "Siahkari" murder cases in which there is evidence, are now being sent to the Courts instead of being decided by jirgah. While this may be one of the reasons, there are apparently other reasons for the bad results in this district. The District Magistrate is therefore being asked to have the matter examined.

There were 2,814 cases pending at the end of the year as against 2,917 in the previous year. Of these, 2,241 cases were pending with Magistrates and 573 with the police as against 2,288 and 629, respectively, in the previous year. The Sukkur district is the greatest offender in this respect, but it is to be noted that the number of cases pending with the Magistrates shows a decrease of 98 as compared with last year. The remarks of the District Magistrate, Sukkur, on the subject, are quoted by the Deputy Inspector-General of Police in paragraph 13 of his report.

Government in their Resolution, Home Department, No. P.-235-II., dated the 28th June 1933, on the last year's report, have drawn particular attention to the number of pending cases in the Courts. In spite of the slight improvement recorded this year, the Commissioner is of opinion that the number of pending cases is larger than it should be. The quarterly returns of cases pending in the various courts were examined by the Commissioner and all that is possible is being done by issuing circulars and instructions with a view to minimise delays. Departmental action is also being taken against Magistrates culpably in arrears. It is hoped that there will be further improvement in the figures next year.

9. The number of persons proceeded against under Chapter VIII, Criminal Procedure Code, increased from 1,134 to 1,226. An examination of the results obtained, shows that out of 1,226 persons proceeded against, the police were responsible for action against 1,135, while only 91 cases were taken up by Magistrates *suo motu*. The percentage of persons ordered to give security to persons proceeded against, dropped from 45·94 to 29·25 in police cases and from 27·41 to 4·39 in Magistrates' cases. These results must be regarded as very unsatisfactory and the District Magistrates are being asked to enquire into the reasons for the bad results, particularly in cases taken up by Magistrates.

Habitual offenders and
Chapter VIII cases.

10. It is very pleasing to note that the percentage of cases investigated by Gazetted Officers increased from 75.45 to 80.50, though the number of serious crimes increased from 497 to 518. Details of inspections of police stations and out-posts visited are given in paragraph 38 of the Deputy Inspector-General's report. It will be observed that out of 118 police stations and 163 out-posts, 117 police stations and 157 out-posts were inspected.

11. The discipline of the force was very good. The Commissioner is glad to note that it was necessary to inflict only 104 punishments as against 125 in the previous year. The number of rewards granted, however, dropped from 3,721 to 2,938. The following honours, &c., were conferred on Police Officers during the year :—

Khan Bahadur Sayed Mahmud Shah, retired District Superintendent of Police, was awarded the 'M.B.E.'.

Khan Sahib Jehangir R. Sukhia, Deputy Superintendent, Sind C. I. D., was granted the King's Police Medal.

Mr. K. R. Eates, Deputy Superintendent of Police and Mr. J. W. Rourke, Inspector of Police, were awarded the Indian Police Medal.

Sergeant Keegan of the Karachi Police, was presented with a gold watch by the Commissioner for his brave action in rescuing a man from drowning.

The health of the police was good. The percentage of admissions into hospitals was 22.56 as against 22.76 in 1932, and there were 51 deaths in the force as against 56 in the previous year.

The number of vacancies increased from 48 to 51 and enlistments decreased from 393 to 260. The number of resignations dropped from 57 to 45. No difficulty is experienced in obtaining suitable recruits.

The percentage of educated officers and men on the actual strength increased from 48.82 to 56.62.

12. Major and minor works estimated to cost over Rs. 4,00,000 and Rs. 1,50,000 respectively, are awaiting the allotment of funds. Government were unable to provide any money for Major Works and the Commissioner was able to spare only Rs. 40,000 for Minor Works. The Deputy Inspector-General of Police remarks that the most urgent of the Major Works is the construction of the police lines at Shikarpur—a remark with which the Commissioner fully concurs.

13. A detailed and interesting account of the activities of the C. I. D., is given in paragraph 46 of the Deputy Inspector-General of Police's report. Among the more important and sensational cases in which the assistance of the C. I. D. was obtained, are (1) the Karachi Khoja Double Murder Case, (2) the cases against Khan Bahadur Muhammad Panah of Sukkur district, of criminal breach of trust by him as Chairman of the School Board, District Local Board, Sukkur district, (3) the case of throwing bombs at British soldiers at Hyderabad and (4) the Wool Fraud Case against Khan Sahib Asmatullah of Lahore.

The staff of the Political Branch of the C. I. D. attended and reported upon 628 political functions, meetings and allied activities in addition to attending 951 other meetings processions, &c., of a religious and non-political nature. The lull in political agitation rendered it possible to utilize the Political Branch of the C. I. D. in connection with criminal work. The action taken against the Criminal Tribes is shown in a subsequent paragraph.

The Commissioner is pleased to note the good work accomplished and the considerable assistance given by the Department to the District Police.

14. It is very unfortunate that it has been necessary, owing to financial stringency, to delay the strengthening of the police force in the districts of Lower Sind. It has become more evident than ever that the numerical strength of the police force is not sufficient to meet the needs of the province. Particulars, showing the strength of the force and its distribution, are given in paragraphs 26 and 27 of the Deputy Inspector-General of Police's report.

15. The Commissioner considers that the results reviewed in the foregoing paragraphs are generally very satisfactory and indicate that the police in Sind have done a good year's work considering the disadvantages under which they labour. This review would not be complete without a reference to the notorious dacoit Abdul Rahman. The periodic and meteoric raids of Abdul Rahman and his gang in the districts of Upper Sind, created an atmosphere of unrest among the Hindu population and stimulated the local "badmashes" to unusual daring. Elaborate arrangements were made and vigorous measures taken in co-operation with the Baluchistan authorities, to put an end to the activities of this dacoit. He had many miraculous escapes before he was killed. Nearly all the members of the gang have since been rounded up and it is proposed to take action under the Criminal Tribes Act against the Chanal Brohis to which tribe the dacoit belonged.

16. A brief account of the action taken under the Criminal Tribes Act, 1924, is given in Appendix VIII of the Deputy Inspector-General of Police's report. The total number of persons registered under the Act up to the end of 1932 was 1,878 and not 2,251 as stated in last year's report. The difference is due to the fact that revised figures have since been reported by the District Superintendent of Police, Thar Parkar. The number on the register at the end of the year under report was 2,503. During the year, 721 persons were added to the list and 96 were removed from it. The number of prosecutions under the Indian Penal Code and Criminal Tribes Act increased from 31 to 55. The Commissioner is glad to observe that considerable progress has been made in the application of the Criminal Tribes Act and that action under this Act against various gangs throughout Sind addicted to cattle-lifting, has had a distinctly salutary effect. A separate statement is attached showing in brief, the action taken against "patharidars" and their associates. It is becoming increasingly necessary to have a separate Criminal Tribes Settlement Officer for Sind.

17. The Commissioner in Sind has much pleasure in endorsing the appreciative mention by the Deputy Inspector-General of Police for Sind of certain officers in the department especially Mr. Ray, Khan Bahadur Mahmud Shah, M.B.E., Khan Sahib Sukhia and Messrs. Bhagwandas and Muhammad Yacub of the C. I. D. Further, Mr. Healy and his officers deserve congratulations on a good year's work.

R. E. GIBSON,
Commissioner in Sind.

NO. 2266 OF 1934.

POLICE DEPARTMENT.

OFFICE OF THE DEPUTY INSPECTOR-GENERAL
OF POLICE FOR SIND,

Karachi, dated the 29th March 1934.

From

D. HEALY, ESQUIRE,
Deputy Inspector-General of Police for Sind.

To

THE COMMISSIONER IN SIND,
KARACHI.

SIR,

Annual Police Administration Report for the year 1933.

I have the honour to submit the Police Administration Report for the year 1933 with the following accompaniments :—

Statement " A ", Parts I and II.

Statement " B ", Parts I and II.

Statements " C ", " D " and " E ".

Report on the working of the Criminal Tribes Act, 1924 (Appendix No. VIII).

2. The officers who held charge of the Office of the Deputy Inspector-General of Police for Sind, and of the offices of the Superintendents of Police, Assistants, and Deputy Superintendents of Police in the several districts of the Province during the year 1933 are shown in the statement attached herewith as Appendix No. I.

II.—POLICE CASES.

3. A statement giving the number of cognizable cases reported to the police during the years 1931, 1932 and 1933, exclusive of cases under Chapter VIII, Criminal Procedure Code, is attached as

Total cognizable crime reported

Appendix No. II.

Cognizable crime reported has decreased from 13,629 in 1932 to 12,379 in the year under report, a decrease of 1,250 cases. All districts except Dadu contributed to the decrease.

		Increase.	Decrease.
Karachi and Tatta Districts	498
Hyderabad	33
Sukkur	321
Larkana	135
Dadu	21	...
Thar Parkar	78
Upper Sind Frontier	76
Nawabshah	97
Sind Railways	33
		<hr/> 21	<hr/> 1,271
Net total decrease	...		1,250

There was a decrease of 687 in Indian Penal Code cases and a decrease of 563 in Class VI cases.

Among the more important classes of offences, the greatest decrease was in house-breaking offences; there were nearly 600 less house-breaking offences than in 1932. This is to a great extent due to the cessation of political agitation during the year, which enabled the police to devote more attention to the prevention of crime.

There was a decrease of 252 cases of cattle thefts. There were two factors which contributed to this reduction. The first was the increased demand for labour in the newly irrigated areas, and the second was the action taken by the police under the Criminal Tribes Act against habitual cattle thieves and patharidars.

The police in Sind are gradually realising the potentialities of the Criminal Tribes Act as a weapon of offence against cattle thieving organizations.

In the Tatta district, which has not benefited from the construction of the Sukkur Barrage, there has been no diminution of cattle thefts. The District Magistrate states that the Vigilance Committees have not been able to effect any improvement and to

some extent make the work of the police more difficult. The re-organisation of this district has not yet been sanctioned by Government. When the re-organisation takes place, the police will be able to make some progress against the cattle thieves with the assistance of the Criminal Tribes Act.

The increase of crime in the Dadu district is mainly due to a rise in the number of 'hurt' cases, which the District Superintendent of Police attributes to the readiness of magistrates to allow cases to be compounded. In this connection I would invite the attention of District Magistrates to para. 5 of the Government Resolution, Home Department No. P.-132-I., dated the 30th September 1932, which I reproduce below:—

"The increase in the number of non-cognizable cases and of cases which, though cognizable, are compoundable and usually end in compromise, has been a severe tax on the time and energy of the police which could more usefully have been employed on more important matters. The Governor in Council trusts that all magistrates will carefully verify complaints before accepting them and will beware of encouraging litigation by over-readiness to allow a compromise, and he desires that District Magistrates should exercise a close supervision over the work of subordinate courts in this respect."

There was a substantial reduction in the number of house-breaking offences and cattle thefts in the Dadu district.

The District Magistrate, Dadu, thinks that the greater number of hurt cases is due to a proportionately greater number of quarrels resulting from the more extensive cultivation consequent on the construction of the Sukkur Barrage. He has directed the Magistrates not to allow compromises in police cases, which are compoundable with the Court's permission, unless there are strong and sufficient reasons for doing so.

4. The statement which shows the cases reported under the more important heads of crime during 1932 and 1933, is contained in Appendix III.

Reported serious crime.

Cases struck off as false.

5. The number of cases excluded as false was 4,208, including 112 Class VI cases, as compared with 3,739, including 83 Class VI cases, for the previous year.

Excluded cases.

The percentages of cases excluded to cases reported for the last 5 years are as follows :—

1929	24'49
1930	23'69
1931	24'60
1932	28'38
1933	27'19

6. Out of 4,208 cases excluded, 646 were declared to be maliciously false. The figures for the last 5 years are as follows :—

1929	619
1930	668
1931	626
1932	577
1933	646

The number of prosecutions undertaken during the year was 145, including 58 pending from the previous year. 51 cases ended in conviction and 25 in discharge or acquittal; 58 were pending at the close of the year; 7 cases were withdrawn, 3 are dormant and in one case the accused died.

The percentage of convictions to prosecutions was 35'17 as against 22'66 in 1932 and 32'65 in 1931.

Deducting the pending cases, the percentages of convictions for the last 3 years have been :—

1931	58'54
1932	41'43
1933	58'62

Vexatious complaints.

7. Section 250, Criminal Procedure Code, was made use of in 105 cases during the year 1933 as against 104 cases in 1932, 119 in 1931 and 101 in 1930.

The amount awarded as compensation was Rs. 3,815 as against Rs. 3,833 in 1932, Rs. 4,671 in 1931 and Rs. 5,229 in 1930.

Real and excluded cases and their proportion to cases for disposal.

8. A comparative statement showing the number of police cases and the percentage of real and excluded cases in 1932 and 1933 is subjoined:—

Head.	Total cases for disposal (including cases pending from previous years).	Cases struck off.	Real cases.	Percentage of cases struck off to cases for disposal.	Percentage of real cases to cases for disposal.

9. The population of the Province according to the census of 1931 is 38,82,282. With the total true crime standing at 8,251, the proportion of true crime to population works out to 1 per 471 inhabitants. The highest and lowest ratios are again shown by Karachi and Tatta Districts and the Thar Parkar district, *viz.*, 1 to 306 and 1 to 953, respectively.

The proportion of true crime to police works out to 2'67 offences to 1 policeman (exclusive of the Armed and some of the Mounted Police whose ordinary duties are not connected with crime investigation) and of cognizable crime investigated to 4'04. The proportion of police to population as shown in column 25 of Statement D is 1 : 683'86.

(9) Bombay	'84
(10) Madras	'75

The figures of other Presidencies and Provinces which are available in this office for comparison under incidence of cognizable crime reported under Classes I to V per one thousand of population, are those for 1931. They are shown as under :—

(1) North-West Frontier Province	...	3'66
(2) Burma	3'48
(3) Central Province	2'31
(4) Punjab	1'84
(5) United Provinces	1'52
(6) Assam	1'44
(7) Bengal	1'29
(8) Bombay	1'20
(9) Bihar and Orissa	1'14
(10) Madras	1'04

The Sind figures of the same year and for the year under report under incidence of cognizable crime reported under Classes I to V per one thousand of population are 3'39 and 3'04 respectively.

The figures of the proportion of the entire police force to area, population and cognizable crime investigated for the Sind

Province and the Bombay Presidency proper for the year 1932 are compared as under :—

	Area.	Population.	Cognizable crime investigated.
Sind ...	8.45 sqr. miles 5.34 Railway miles.	678	2.33
Bombay Presidency proper	4.28 sqr. miles 2.29 Railway miles.	916	1.68

In England and Wales the proportion was 1 policeman to 1.54 square miles and 851 persons for the year 1932.

The above statistics are based on the total sanctioned strength of the Police force as shown in column 15 of Statement D.

Result of trial by classes of cases. 10. The result of trial by classes is shown in the following table :—

Sukkur, as usual, has the largest number of pending cases.

The District Superintendent of Police, Sukkur, states—

“It was remarked in the last year’s report that the delay in the disposal of cases was adversely affecting the work of the Police, and the Magistracy were mostly blamed for protracted and postponed trials. Whilst agreeing that in some cases Magistrates are to blame, it must be admitted that there are other contributory causes. Frequent transfers of Magistrates make it extremely difficult for cases to be finished off in a short time. The Pleaders in this district appear to take a delight in getting cases adjourned, and in many cases applications for the transfer of cases are put in on the most frivolous grounds. It is to be feared that the police themselves are often to blame. The police have to serve many summonses. Owing to the inadequacy of the police, it is not always possible to serve summonses on witnesses in time to give them fair warning of their required attendance at court. Sometimes late issuing of summonses by Magistrates leads to unnecessary delay. The harvest seasons and annual floods in this district make it often difficult to find witnesses. Witnesses usually receive no allowance for attending lower courts and have to pay out of their own pockets the fares for railway journeys, &c. As many undoubtedly cannot afford all these expenses incurred by their attendance at court, it is only natural that they should try to avoid service of summons. It would undoubtedly be of some assistance if Magistrates would bind down witnesses for their attendance at court for subsequent hearings and punish severely those who failed to attend after having been bound down.”

(NOTE.—Government have recently directed that witnesses should be paid diet-money and travelling expenses for all the days on which they attend the court in obedience to a summons or direction from the police, irrespective of the fact that their evidence is taken on those days or not.)

The District Magistrate, Sukkur, remarks—

“There are in all 500 cases under the Indian Penal Code as well as under Class VI as compared with 598 in the previous year pending with the Magistrates. This marked and progressive improvement in the number of cases pending with the Magistracy in this district during the year under report as compared with the previous year, is mainly due to the fact that a careful watch was kept by the District Magistrate personally on the work of the subordinate Magistrates who were directed not to allow any laxity in the expeditious disposal of cases. Magistrates have been warned from time to time that procrastination is the most conspicuous of all the faults which disfigure the administration of justice and the District Magis-

trate is glad to observe that the subordinate Magistrates have realised to some extent the desirability of prompter and more expeditious disposal of criminal cases.

2. In order to ascertain the main causes of delay, a statement showing details of postponements granted by the Magistrates for various reasons was called for by the District Magistrate last year for the months of April, May and June 1933, and a consolidated statement prepared therefrom (copy of which was sent to the Deputy Inspector-General under this office No. 7609, dated 27th September 1933) showed that much of the delay was due to non-service of process on the parties by the police. The District Magistrate is inclined to think that if the subordinate police officers take greater pains to produce witnesses in cases with challans before the Magistrates and otherwise co-operate with the Magistracy in service of process protracted and postponed, trials can easily be curtailed very considerably."

The relatively large number of cases pending in the Upper Sind Frontier district is attributed by the District Superintendent of Police to the fact that offenders take shelter in Kalat or Bahawalpur State or the Bugti Nawab territory.

The rise in the number of pending cases in the Nawabshah district, is attributed by the District Superintendent of Police to the abolition of the post of Resident Magistrate, Naushahro, and the illness of the Resident Magistrate, Tando Adam.

14. The results of sessions cases are given in the sub-joined table.

The poor results in the Upper Sind Frontier district are stated by the District Superintendent of Police to be due to the fact that all "Siahkari" murder cases, in which there is evidence, are now being sent to the courts instead of being decided by Jirga.

The results obtained in the Karachi and Tatta Districts are exceptionally good.

45. The following are details of investigation by Assistant Superintendents of Police and Deputy Superintendents of Police in accordance with sub-rule 4 of rule 1075 of Bombay Police Manual, Volume III, 1927 :—

Investigation by Assistant Superintendents of Police and Deputy Superintendents of Police.

Mr. Sarre, Assistant Superintendent of Police, Nawabshah investigated 6 cases during the year under report.

Mr. Yates was Assistant Superintendent of Police, Karachi, from 1st January 1933 to 30th April 1933, but he did not investigate any case as he was Assistant Superintendent of Police for only a short period.

Mr. Sanson, was Assistant Superintendent of Police, Hala, in the Hyderabad district, only for a short period, *i.e.*, from 1st to 14th January 1933, and did not investigate any case.

Mir Maqbul Khan, who was directly appointed as Deputy Superintendent of Police is exempted from the operation of this rule.

Mr. H. A. Critchell joined the Karachi and Tatta Districts in the forenoon of the 22nd December 1933 as supernumerary Deputy Superintendent of Police under training.

Criminal Investigation
Department, Sind.

46. Mr. Ray, Superintendent of Police, Sind C. I. D., reports as follows :—

(2) I was in charge of the Department throughout the year.

(3) *Crime Branch*.—The strength of the Crime Branch at the close of the year was—

- (1) One Deputy Superintendent of Police.
- (2) Two Inspectors.
- (3) Four Sub-Inspectors.
- (4) Eight Head Constables.
- (5) One Clerk.
- (6) Five Peons.

Khan Sahib J. R. Sukhia was in charge of the branch from the 1st January 1933 to the 14th November 1933 and Inspector Ali Muhammad, in addition to his own duties, from the 16th November 1933 to the 31st December 1933 as Khan Sahib Sukhia was placed on deputation at Quetta under the Western Army Command.

(4) *Suppression of Patharidars and Criminal Tribes in Sind.*—

Under the guidance and personal supervision of the Deputy Inspector-General of Police for Sind and in consultation with District Officers, nine gangs totalling 106 persons were notified under section 3 of the Act during the year as well as 36 gangs totalling 330 persons which were notified under section 10. The registered members of the Shahani tribe of the Dadu district were notified under section 10 (1) (a) of the Criminal Tribes Act, and 120 members were restricted under section 11. Six patharidars and 2 Hurs were sent to Settlements in the Bombay Presidency under section 16. Inspector Ali Muhammad and Sub-Inspector Karim Bakhsh, of the Sind C. I. D., were deputed to the Upper Sind Frontier district for the preparation of registers under section 5. They registered 200 members and cases under section 21 were filed against 72 absentees. These two hundred persons include members of the Bangulani tribe and also members of 27 mixed gangs. The registration will be continued on the issue of the new registration forms according to the Revised Sind Criminal Tribes Rules, 1933.

(5) The following important cases pending from 1932 have been disposed of as under :—

(a) *All India Laxmi Trading Company Fraud Case.*—

Reference paragraph 5 (1) of last year's report, the case was decided on 19th June 1933 by the Sessions Judge, Hyderabad, and the accused were convicted and sentenced as under :—

- (1) Chhabaldas, 5 years' rigorous imprisonment and Rs. 5,000 fine.
- (2) Kundanlal, 5 years' rigorous imprisonment and Rs. 5,000 fine.
- (3) Nazar Muhammad Beg, 5 years' rigorous imprisonment and Rs. 5,000 fine.
- (4) Muhammad Sayed, 2 years' rigorous imprisonment and Rs. 2,000 fine.

(b) *Metropolitan Loan Company Cheating Case.*—Reference paragraph 5 (2) of last year's report, this case was decided by the Additional City Magistrate, Karachi, on 7th June 1933 and the accused were convicted and sentenced as under :—

- (1) Motiram, 12 months' rigorous imprisonment.
- (2) Mulchand, 6 months' rigorous imprisonment.
- (3) Lilaram (died during the trial).
- (4) Shersingh, fine Rs. 300 or 3 months' rigorous imprisonment.

(6) During 1933, the services of officers of the Crime Branch of the Sind C. I. D. were invoked by District Officers and other departments, and a total of 32 registered criminal cases and 18 enquiries were investigated.

(a) *Frauds committed by a gang of bogus Alchemists.*—One Allahdino Bhutto, of Digri taluka, in the Thar Parkar district, complained to the Ranchore Police, Karachi, that he had been cheated by a gang of bogus alchemists to the extent of Rs. 7,000. The case was registered by the Ranchore Police and transferred to the Sind C. I. D., as the activities of the accused extended beyond Sind. Khan Sahib Sukhia, Deputy Superintendent of Police, took up the investigation, assisted by Inspector Ali Muhammad and Sub-Inspector Fazalullah.

The following persons formed the gang :—

- (1) Huzurdin of Bahawalpur State,
- (2) Abdul Halim of Bahawalpur State,
- (3) Ahmed Bakhsh of Bahawalpur State,
- (4) Lunidomal of Sukkur,
- (5) Hemandas of Sukkur,
- (6) Tikam of Sukkur,
- (7) Kazi Fakir Muhammad of Sukkur,
- (8) Kotumal of Karachi, and
- (9) Nawaz Ali of Mirpurkhas.

These accused induced their dupes to believe that accused Nos 1 and 2 were expert alchemists. Credulous members of the public were asked to buy spurious chemicals, with fictitious names such as "Kushto Kohinoor" (Diamond oxide), "Kushto Pukhraj" (Sapphire oxide), &c., at exorbitant prices—two to three hundred rupees per grain. The dupes were told that gold worth two crores could be made from chemicals worth six thousand rupees. These chemicals were purchased by the dupes from the Hindu members of the gang who owned drugs shop at Sukkur and Karachi. After buying some of these chemicals, accused Nos. 1 and 2 proceeded to turn zinc into gold by adding the chemical to the melted zinc when heated in a crucible in a fire. The accused by a sleight of hand trick substituted pure gold for the rubbish in the crucible. The dupes then went to the bazar goldsmiths who declared gold to be pure.

Subsequently more chemicals were bought at exorbitant rates. The accused then pretended to make mistakes in the manufacture of the gold, such as losing the mixture by placing it in a glass bottle which when dropped into the fire burst and by saying that the mixture was not sufficiently strong. More money was then demanded for preparing a fresh mixture, and the tricks continued until the victim was financially ruined when the gang decamped. During the course of investigation, it was found that the accused had cheated many persons in various parts of Sind. After collecting evidence all the accused were sent up for trial before the Additional City Magistrate, Karachi, under sections 420 and 120-B, Indian Penal Code. The case is pending before the court.

(b) *Hyderabad Municipality Fraud Case*.—One Khemchand Fatehchand Lohano of Hyderabad (Sind) who had insured his life with five insurance companies died on 21st July 1932. His cousin Chellaram reported to the Chief Officer of the Hyderabad Municipality that the deceased had been in bad health during the four years prior to his death. One Dharamdas *alias* Nathirmal, who was the legal heir of the deceased, applied to the Municipality for five copies of the death certificates of the deceased in order to claim the insured money. The same day Dharamdas sent an application under the forged signature of the deceased's brother Thakurdas, who was in Calcutta, stating that the deceased was only ill for two months prior to his death. A Municipal Councillor also made a statement supporting this, while one of the Municipal clerks attempted to show that the entry in the Municipal death register regarding the four years' illness prior to death related to another person and not to Khemchand. The Chief Officer suspecting the genuineness of these papers, forwarded them to the District Magistrate and the District Superintendent of Police, Hyderabad, asked for C. I. D. assistance. Sub-Inspector Karim Bakhsh was deputed to make the enquiries. It was found that the three accused had conspired to defraud the insurance companies, as according to the insurance policies the Companies were not liable if the period of illness prior to death was of longer duration than six months.

A case was subsequently registered against—

- (1) Dharamdas *alias* Nathirmal of Hyderabad (Sind),
- (2) Jashanmal, Clerk of the Hyderabad Municipality, and
- (3) Harchandrai, Municipal Councillor, Hyderabad (Sind),

at the Chouri Police Station, Hyderabad, under sections 420, 468 and 120-B, Indian Penal Code. The accused have been sent for trial and the case is pending before the Sub-Divisional Magistrate, Hala.

(c) *Mischief to the Dumlotte Karachi Municipal Water Works Gallery.*—On the 18th of February 1933, when the work of cleaning was in progress, it was found that about 20 feet of the Municipal Water Works Gallery in the bed of the Malir River at Dumlotte had collapsed. A special committee of the Municipality examined the damage, and came to the conclusion that it had been done deliberately by some of the Municipal staff, and hence Conduit Mistry Nathuram, Jamadar Zwahardin and Azim Khan were suspended on 11th April 1933, by the Municipal authorities. The case was then sent for investigation to the Sind C. I. D. through the Deputy Inspector-General of Police for Sind. The Deputy Superintendent of Police and myself both visited the scene of the offence and examined the inside and outside of the gallery. Many statements were recorded and a model made of the gallery and experiments conducted. The allegations against the Municipal staff appeared to be the outcome of Municipal office intrigues. From the experiments conducted and evidence collected it was finally concluded that the collapse of the gallery was due to the flood which occurred in the Malir River on the 10th July 1932, when the gallery was insufficiently protected, due to the contractor's carelessness. A report to this effect was accordingly made to the Municipality, and the case has been classed as "C". The suspended Municipal servants have been reinstated.

(d) *Forgery of a Central Bank of India Cheque.*—The written complaint of Mr. B. T. Thakur, Agent, Central Bank of India, Ltd., Karachi, was received through the Superintendent of Police, Karachi and Tatta Districts, for enquiry. The complaint was that on the 23rd September 1932 an unknown person had forged the signature of one Jethanand Hiranand on a cheque which had been cashed for Rs. 1,500. A case under sections 420, 468 and 471, Indian Penal Code, was registered. The accused, one Girdharilal, who was working as a temporary clerk with Jethanand was suspected and on a reference to the handwriting expert, Simla, this suspicion was confirmed. The accused was sent up for trial before the City Magistrate, Karachi, and the case is still under trial.

(e) *Wool fraud case of Messrs. Forbes, Forbes, Campbell & Co., Karachi.*—The Manager of Messrs. Forbes, Forbes, Campbell & Co., Karachi, lodged a complaint against their guarantee broker Khan Saheb Asmatullah of Lahore that he had defrauded

them to the extent of three lakhs in a series of money transactions regarding wool between 21st April 1930, and 19th May 1931. The money was drawn by the accused from the complainant for the purpose of making advances to various shippers against stocks of wool alleged to be in the possession of the accused. During the course of investigation by Khan Saheb J. R. Sukhia, the accused who was closely examined, denied having committed the offence, but admitted that he owed the complainant one lakh of rupees. He pleaded illiteracy and the absence of proper account books. He further gave the names of the following persons as the shippers on whose accounts he had drawn money from the complainant's firm :—

- (1) Gobindram Bellaram; (2) Nathuram Radharam, (3) Cheragdin, (4) Sheikh Fazal Ellahi Jawa, (5) Abdul Aziz, (6) Muhammad Karim Nabi Bakhsh, (7) Muhammad Abdullah, and (8) Kamruddin Fida Hussain.

Enquiries made at Lahore showed that the first four persons did not exist and that the accused had drawn over sixty-four thousand rupees on their account, while the last three persons were the accused's relations who appeared to have had no business dealings in the wool trade. After a lengthy enquiry, sufficient evidence was collected against the accused who has been sent for trial before the City Magistrate, Karachi, under section 420, Indian Penal Code. The case is still pending in court.

(f) *Criminal breach of trust by the Chairman, School Board, District Local Board, Sukkur District.*—On the 13th of April 1933, one Imam Bakhsh son of Saffar, peon of the Taluka Local Board, Garhi Yasin, was given four hundis representing the Taluka Teachers' pay for March and instructed to cash them at the Garhi Yasin Treasury as usual. He had to return with the money in cash and hand it over to the Headmaster of Drakkan School. He cashed the hundis and was subsequently found lying injured on the road and reported that he had been robbed near Drakkan by four persons who had decamped with all the money (Rs. 3,000). The local police registered the complaint under section 394, Indian Penal Code, and finally disposed of the case as false, and the Sub-Divisional Magistrate, Shikarpur, issued a "B" summary. Two separate complaints, one under section 182, Indian Penal Code, and the other under section 409, Indian Penal Code, were lodged by the police against the peon, who was said to have disappeared. As progress in the case was held up, and as it was

rumoured that the Chairman of the School Board, Khan Bahadur Muhammad Panah, an *ex* M. L. A. and *ex* M. L. C., had organised the faked robbery and had himself taken the money, the District Magistrate, Sukkur, with the approval of the District Superintendent of Police, asked the C. I. D. to take up the enquiry. As a very 'influential person appeared to be involved I personally investigated the case during the months of August and September, and was assisted by Inspector Ali Muhammad of the Sind C. I. D. Imam Bakhsh, peon, was traced and made an approver and twenty-five witnesses' statements were recorded, corroborating his statement that the whole conspiracy to steal the teachers' pay was organised and carried out at the express orders of the Chairman. The latter and another Zamindar who had conveyed the money from the peon to the Chairman were arrested. The case was keenly contested in the lower court and in the Sessions. Both accused were convicted under section 409, Indian Penal Code, read with section 120-B and 109, Indian Penal Code, and sentenced to three years' rigorous imprisonment and to a fine of Rs. 3,000 or in default one year's rigorous imprisonment. The case is now under appeal by the accused in the High Court. (The appeal has since been dismissed.)

(g) *Second case of criminal breach of trust against the Chairman, School Board, District Local Board, Sukkur District.*—During the investigation of the above case it was learnt that Khan Bahadur Muhammad Panah had misappropriated a sum of Rs. 1,500 which had been collected by subscriptions from the public and the school teachers for the purpose of opening an English school at the village of Drakkan. Evidence of the prominent persons of the locality and of the various teachers and Headmasters throughout the Sukkur district showed that subscriptions had been given and the money sent to the Office of the Administrative Officer of the School Board, Sukkur, and to the Chairman of the Fund Committee, Drakkan. This evidence and some documentary evidence showed that this money had been deposited in the School Board Office and there was the evidence of the clerks to show that the accused had subsequently come to the office and taken away the amount. All these events occurred during the months of February, March and April 1932. An enquiry had been held by the Sub-Divisional Magistrate, Shikarpur, at the end of 1932, but witnesses had evaded the issue. False fund account books were said to be in the possession of the Chairman's brother but were not forthcoming. An offence was registered at the City Police Station, Sukkur, on the 5th October 1933, and as the accused had committed the offence in his capacity as a Government servant,

the sanction of Government was necessary before a Magistrate could take cognizance. This is awaited.

Cases of incendiarism in Karachi Town.—Three cases of mischief by fire to business premises in Karachi Town were sent to the C. I. D. during the year for enquiry. Khan Sahib J. R. Sukhia and Inspector Ali Muhammad, assisted by Sub-Inspector Fazlullah and Karim Bakhsh, investigated. In two cases, no tangible evidence could be obtained in spite of exhaustive enquiries. In the third case, one Ghulam Hussain, a Bhori, has been sent for trial under section 436, Indian Penal Code, before the City Magistrate, Karachi, and the case is pending before the Court.

Enquiry into counterfeiting of coin in Sind.—Sub-Inspector Thawardas, of the Sind C. I. D., while conducting enquiries regarding counterfeiting in Upper Sind detected the following cases at Sukkur. While watching for such crime at the Chetichand Fair at Sukkur, three persons were suspected to be uttering false coins, two were arrested and one escaped. On searching the clothes of the accused, counterfeit coins to the value of Rs. 21-12-0 in eight and four-anna pieces were discovered. Some moulds and other implements for the manufacture of such coins were also secured at the village of Mirokhan in Larkana district from the house of one of the accused. One accused was convicted to two years' rigorous imprisonment under section 243, Indian Penal Code, and the other 5 years' rigorous imprisonment under sections 240 and 243, Indian Penal Code.

(7) *Photographic Branch.*—During the year 350 photographs were taken. These consisted of—

(a) Photographs of Indian and Foreign suspects and deportees	34
(b) Photographs of confidential documents	261
(c) Photographs of Finger-impressions found at the scenes of offences
(d) Photographs of water-marked documents
(e) Photographs of Criminals for Crime Records	20
(f) Photographs of a miscellaneous nature (sanads, scenes of offences, cheques, &c.)	12
(g) Photographs of unidentified dead bodies	3
Total	350

Inspector J. W. Rourke and for the last four months (acting) Inspector Thompson were in charge of this branch. They were assisted by Head Constable Muhammad Araf.

(8) *Preparation of history-sheets of Inter-Provincial and Inter-District Criminals.*—These sheets for publication in the *Sind Police Gazette* were begun in 1932. During 1933, thirteen history-sheets were published. Making a total of twenty five now published. The rate of issue of these sheets should increase in the next two years. One hundred and nineteen were under preparation at the end of 1932, and fifty-three more were taken up during 1933, making a total of one hundred and fifty-nine under preparation at the end of 1933.

(9) *Political Branch.*—The strength of this branch at the close of the year was—

- (a) One Deputy Superintendent of Police.
- (b) Two Inspectors of Police.
- (c) Eight Sub-Inspectors including four shorthand reporters. (Three shorthand reporters were absent during the year, one for three months under training, one for six and half months for executive training, and one as an acting District Inspector for four months).
- (d) Eleven Head Constables (including four Watcher Head Constables, two of these being sanctioned during the year).
- (e) Five peons.

Mr. Bhagwandas Premchand was in charge of the branch up to the 8th of June, and Mr. Muhammed Yakub Umar Khan from the 8th June to the end of the year.

(10) During the year under review the C. I. D. Political Branch Officers at Karachi, Hyderabad and Sukkur, attended and reported on 628 political functions, meetings, Congress flag salutation ceremonies and allied activities, in addition to attending 951 other meetings, processions, &c., of a religious and non-political nature. The figures for 1932 were 827 and 896, respectively. Owing to the absence of two shorthand reporters, the shorthand reporter at Karachi had to do double work for over six months.

(11) As the political situation was comparatively normal, the services of the officers in the Political Branch were utilised for criminal investigation. The Deputy Superintendent of Police, Political Branch, and staff took up the investigation of the sensational Khoja double murder case, One Sub-Inspector toured throughout

Sind collecting statistics regarding the criminal tribe of Bauriahs, and this Sub-Inspector also twice visited Kathiawar, once to arrest an absconding Hur and again to arrest three absconders in a big fraud cash.

(12) [*Vide* para. 16 (ii) of last year's Administration Report of the Sind C. I. D.] The case against Hansraj *alias* "Wireless" under sections 4 and 5 of the Explosives Substance Act ended in the conviction of the accused to five years' rigorous imprisonment, the sentence to run concurrently with ten years he had already received in the Arms Act and counterfeiting cases.

(2) [*Vide* para. 16 (iv) of last year's Administration Report of the Sind C. I. D.] The pick-pocketing case of the Sind Railways ended in conviction; one accused was sentenced to ten years' rigorous imprisonment and fined Rs. 5,000, or, in defaults, to undergo five years' imprisonment; the other accused to two and half years' rigorous imprisonment.

(3) [*Vide* para. 16 (x), sub-para. 3 of last year's Administration Report of the Sind C. I. D.] In this case the accused Hamal son Gul Muhammad, was sentenced to three months' rigorous imprisonment.

(13) The Political Branch dealt with 8 politico-criminal cases during the year, in which action was taken against eighteen persons, of whom seven were sent to jail, two acquitted, three released under section 562, Criminal Procedure Code, on furnishing security for good behaviour, one granted pardon under section 337, Criminal Procedure Code, and one sent to a Reformatory School for a period of three years. Four persons are still under trial.

(14) Six absconders were arrested by the Political Branch; one was handed over to the Punjab Police, two to the Karachi City Police, and one sent to Bombay. Two Hurs, who had been evading an order of deportation to a Criminal Tribes Settlement in the Presidency Proper for over three years, were arrested in the Larkana district by the Superintendent, assisted by Inspector Allah Bakhsh and the Police of the Sukkur district, and handed over to the Sukkur and Larkana Police and have since been deported.

(15) The eight cases dealt with by the branch are detailed as under:—

Law under which dealt.	No. of cases.
Criminal Law Amendment Act ...	2
Indian Penal Code ...	2
Explosive Substance Act ...	4

(16) Detailed accounts of the more important of these cases are given below :—

(i) *Karachi Khoja double murder case*.—On the 13th February 1933, one Alu son of Khimji Khoja, residing in Lalkhet, Karachi, reported to the Soldier Bazar Police, Karachi, that two Khoja brothers by name Lalji and Rajabali, who kept a 'gunny' bag shop in Jodia Bazar, Karachi, had not returned to their home as usual on the evening of the 12th February. Private enquiries were made by the Khoja "Jamait" till the 18th of February, when two dead bodies were found lying on the hillocks near the Karachi Jail, the bodies being at a distance of two miles from each other. The matter was reported to the Cantonment Police, who made necessary investigation and concluded that these were the bodies of the missing Khojas, who appeared to have been murdered by some unknown persons. The Cantonment Police registered a case under section 302, Indian Penal Code, the next day, and carried on enquiries till the 11th of March, when the case was taken up by the Sind C. I. D. Mr. Bhagwandas Premchand, Deputy Superintendent of the Political Branch, was placed in charge of the case. As a result of his systematic and lengthy enquiries it was learnt that on the day of the disappearance of the Khoja brothers, they were seen in the victoria of one Maluk Hingoro. Maluk was arrested and interrogated, but he denied any knowledge of the affair. It also came to light that one Hari Vishanji Lohana, who had two "gunny" bag shops, was a business rival of the dead Khojas, and reliable information was received that he was concerned in the murders. He was also arrested. After much interrogation, the victoria driver made a confession and implicated himself and seven others, including two Khojas. The remaining six accused, viz., Saffar son of Ismail, Ismail son of Ishaque, Abdullah son of Sulleman Hingoro, Asu son of Hansraj Hindu, Lohana, Ali son of Ibrahim Khoja and Ali Muhammad son of Devraj Khoja, were arrested. One of them, Ali Khoja, made a voluntary confession before the Additional City Magistrate, Karachi. All the accused, excepting the approver Maluk Hingoro, were sent for trial in the Court of the Additional City Magistrate, Karachi, who committed them to the Sessions Court when the case was contested for over four weeks, and ended in the conviction of all the accused, except the approver. Hari Vishanji, Saffar son of Ismail and Ismail son of Ishaque were sentenced to death, and the other three accused to transportation for life. The case is now under appeal in the High Court (Case No. 67 of 1933, Cantonment Police Station.)

(ii) *Hyderabad bomb conspiracy case.*—A “crude” cracker bomb was thrown in the Hyderabad Bazar on the night of the 27th November 1933, at two British Military Police. The boot of one of the soldiers was slightly damaged. The case was registered by the Hyderabad Police, and Mr. Muhammad Yakub, Deputy Superintendent of Police, Political Branch, was sent to Hyderabad on the 29th November to take up the investigation. He made enquiries as the result of which it transpired that Khemji son of Khetsi, in conspiracy with Karsandas Liladhar and two others, Himatlal son of Gandhidas and Virji son of Kalianji, were the culprits in this and in three other cases of a similar nature that occurred at Hyderabad during the year. The first three accused were placed under arrest while the fourth was arrested at Karachi. Both Khemji and Karsandas made confessions before the City Magistrate, Hyderabad, and the case is pending in Court. (Cases Nos. 115, 180 and 194 of 1933 of the Chauri Police Station, Hyderabad, Sind)

(iii) *Theft of Government Stationery at Sukkur.*—In this case one W. T. S. Mariwalla had sent a reminder to Government using a service reminder post card and a service stamp. He had apparently been at one time employed in the Barrage, and Government asked the Chief Engineer of the Lloyd Barrage to report how this Government stationery came to be in possession of a private individual. The matter was sent to the C. I. D., for enquiry. The man was located at Sukkur and the Sub-Inspector instructed to search his house, when other Government stationery was found. The accused was sent for trial and was released on probation of good conduct under section 562, Criminal Procedure Code.

(iv) *Two cases under the Criminal Law Amendent Act.*—

(a) On the night of the 13th January 1933, on the occasion of the visit of His Excellency the Governor of Bombay to Karachi, four Congress Volunteers were arrested while pasting posters entitled “Governor go back” on the Napier Mole. The accused were sent for trial: three were convicted and one acquitted. Of those convicted, one was sent to a Reformatory School for three years, and two released on probation of good conduct under section 562, Criminal Procedure Code (Case No. 7 of 1933, Harbour Police Station).

(b) The same day one Narain son of Doongersi was arrested while posting another poster entitled “Governor go back” on an electric standard in Karachi. He was sent for trial and sentenced to six months’ rigorous imprisonment (Case No. 14 of 1933, City Police Station, Karachi).

(v) *Deportation of Tribhawan R. Patel under the Emergency Powers Act.*—In August 1933, proceedings were instituted under section 4 (1) of the Bombay Special Emergency Powers Act, 1932, against Tribhawan R. Patel who was found working secretly in furtherance of the Congress movement. The Additional District Magistrate ordered him to remove himself from Sind within 72 hours.

(17) [*Vide* para. 15 of the last year's Administration Report of the Sind C. I. D.]. The staff of watchers was usefully employed during the year under report under the supervision of the Deputy Superintendent of Police.

(18) On the 1st of January 1934, Khan Sahib J. R. Sukhia, Deputy Superintendent of Police in charge of the Crime Branch of the Sind C. I. D. was awarded the King's Police Medal in recognition of his excellent services over a period of thirty-one years' service, mostly in the C. I. D., and Inspector J. W. Rourke of Crime Branch of the C. I. D., was awarded the Indian Police Medal for his good work in Karachi City during the civil disobedience movement of 1930-32.

(19) *Needs of the department.*—The addition of one more clerk in the special branch office was sanctioned as a temporary measure during the year for a period of one year only.

The re-organisation of the Crime Branch is being examined with a view to making it more efficient. All C. I. Ds. now have a branch for Criminal Tribes work and with the advances made recently in Sind in connection with this most effective Act for the suppression of crime, the necessity of increasing the clerical establishment of the Crime Branch is becoming more imperative month by month. At present there is only *one* clerk in the Crime Branch. The Bombay Presidency C. I. D. has a Deputy Superintendent in charge of their Criminal Tribes Branch. There are also nineteen settlements in the Presidency Proper costing in 1932-33 two and half lakhs. The complicated Criminal Tribes Act requires experts to assist district authorities to administer the Act in a uniform and efficient manner. The appointment of a Criminal Tribes Settlement Officer for Sind has been approved by Government, but is not likely to be made in the near future owing to financial stringency. My suggestion is that the Superintendent of Police, Sind C. I. D., be appointed a Criminal Tribes Officer for Sind (without extra pay) and that two clerks be appointed for the maintenance of records and correspondence and that the executive work in this connection be done by the Crime Branch of the Sind C. I. D. This small staff would be sufficient to secure the continuity and co-ordination of Criminal Tribes work throughout the Province, which is at present lacking.

(20) *Remarks.*—Two of the wide-spread fraud cases taken up by the Sind C. I. D. before 1933 ended in the conviction of all the accused during the year.

The sensational cases taken up by the Sind C. I. D. during the year were (1) the Khoja Double Murder Case, (2) the cases against Khan Bahadur Muhammad Panah, (3) the collapse of the gallery from which Karachi obtains its water supply, (4) the cases of throwing bombs at British soldiers at Hyderabad, and (5) the wool fraud case against Khan Sahib Asmatullah of Lahore. The first two cases have ended in conviction, and the last two are under trial, and the damage to the water-works was proved to be caused by the forces of nature.

The Political Branch has accomplished a steady year's work, the activities of the subversively politically-minded in Sind being kept in check by the fact that the authorities could immediately check them by action under the special Acts. The total number of meetings attended and reported on was nearly 1,600, as against 1,700 in 1932, and 1,900 in 1931. The number of political meetings attended was two hundred less than in 1932, the figures being 628 as against 827, while there was an increase of over fifty in the number of the non-political meetings attended. The fact that Karachi is the chief Air Port and one of the largest seaports of India has kept the Political Branch very busy in connection with many enquiries at the instance of the Director, Intelligence Bureau. This has naturally meant a heavy year's work for the office staff in coping with the extraordinary increase in typing work, an increase which Government has recognised during the year by the appointment of an extra clerk.

I desire to make special mention of the following :—

Messrs. Sukhia, Bhagwandas and Muhammad Yakub for the efficient manner in which they supervised the work of both branches, Inspectors Ali Muhammad, Mascarenhas and Ghulam Kadir who carried out their duties in their usual efficient manner and Sub-Inspector Abdul Karim who accomplished another good year's work at Hyderabad. Sub-Inspectors Allahwasayo, Abdul Ghafur and Keshowlal were indispensable in their respective spheres of work. Mr. Karale will be hard to replace as Manager of the Finger Print Bureau, while in the office, Messrs. Dias, DeSouza and Lashkar Khan, who were overworked, gave me loyal assistance.

(21) *Finger Print Bureau.*—A detailed report on the working of the Finger Print Bureau is attached.

Work of the prosecuting staff.

47. The Police Prosecutor appeared in 3,042 cases of which 1,400 ended in conviction.

The percentage of conviction to cases tried was 46.02 as against 50.60 in 1932.

The total number of cases conducted shows a decrease of 895 cases as compared with the preceding year.

Thirty-two non-police cases and 10 appeals were conducted by them under the orders of the District Magistrates.

The total strength of Police Prosecutors in Sind is 13. There are also 3 Sub-Public Prosecutors.

48. The total cost of the Police, including the Railway Police and the clerical staff, for the financial year 1933-34 was Rs. 38,00,665 as compared with Rs. 37,48,069 in the year 1932-33. The increase of Rs. 52,596, which includes an increase of Rs. 5,118 in the clerical staff, was due to—

- (1) the replacement of the 476 muskets by 410 muskets, and
- (2) the opening of a new Railway Police Station at Sakrand.

The increase of Rs. 5,118 in the clerical staff was due to the restoration of 5 per cent. in the 10 per cent. cut in pay.

49. His Excellency the Governor of Bombay visited Sind in the month of January. His Excellency inspected the police on parade at Karachi, Sukkur, Larkana, Dadu and Hyderabad and expressed his appreciation of the services rendered by the Police in Sind in combating the Civil Disobedience movement.

(2) The activities of the notorious dacoit Abdul Rehman Brohi and his gang in the district of Upper Sind gave the police a very trying time, particularly in the hot weather months, and created a deep sense of insecurity among the Hindu population in the villages. "Everything possible was done", the District Magistrate, Upper Sind Frontier, writes "with the limited means available to allay this feeling, and elaborate arrangements were made in co-operation with Sukkur and Larkana districts and the Nasirabad tahsil (of Baluchistan) to remove the cause of the trouble. The work of the police in the most trying circumstances was eminently praiseworthy. In the end, as was expected, treachery played its part, and Abdul Rehman

was killed. Since then nearly all the members of the gang have been rounded up, and now a feeling of security once more prevails."

The Jacobabad Special Mounted Force rendered excellent service throughout the hot weather in preventing the incursions of dacoits from Baluchistan. It would not have been possible to deal with the situation without this mobile Force.

Another notorious dacoit who was killed during the year was Daim Bhayo, and the circumstances in which he met his death are worthy of record as showing what one brave man with an axe can do. At about 9 a.m. on the 28th of January Daim Bhayo with two of his associates went to the village of Kalu Khan Bhayo in the Kandhkot taluka of the Upper Sind Frontier district to pay off an old score against Kalu Khan Bhayo. They first shot one Sanwal Faquir, after which they entered the house of Kalu Khan and shot him dead. A villager named Challu Bhayo, who witnessed what had happened attacked the three armed dacoits with an axe and killed them all.

(3) The very considerable drop in crime throughout Sind, particularly in house-breaking offences and cattle-thefts, which has been discussed in para. 3 of this report, was unexpected as unemployment is still rife in the towns and the slump in commodity prices has impoverished the farmers.

Needs of the De- 50. The more pressing needs of the depart-
partment. ment are :—

- (1) The completion of the reorganisation scheme, which is being postponed from year to year owing to financial stringency. The Upper Sind districts only have been reorganised so far. The police stations in the districts of Lower Sind are understaffed and cannot cope with the work.
- (2) Construction of quarters for the constabulary, particularly in the towns of Shikarpur, Sukkur, Hyderabad and Jacobabad.
- (3) The appointment of a Criminal Tribes Settlement Officer for Sind and the creation of agricultural settlements.
- (4) The co-operation of the public.

51. During the year under review, K. B. Syed Mahmud Shah, M.B.E., retired after a long and distinguished career in the Police Department. He raised the police in the esteem of the public in every district in which he served.

Concluding remarks

I desire to express my appreciation of the excellent work done by Superintendents of Police and their Sub-Divisional officers throughout the year.

The Criminal Investigation Department, which was under the control of Mr. Ray, maintained a high standard of efficiency.

The heavy work in the Deputy Inspector-General's office was carried on efficiently under the supervision of Mr. Bulchand-Hemandas, the Head Clerk, and Mr. Jethanand Navalrai, the Accountant.

I have the honour to be,

Sir,

Your most obedient servant,

D. HEALY,

Deputy Inspector-General of Police for Sind.

APPENDIX VIII.

Annual Report on the working of Criminal Tribes Act, 1924, in Sind.

Notification of Criminal Tribes.

The following tribes or parts of tribes are notified :—

- (1) Jagirani of Dubar, Sukkur district.
 - (2) Hurs.
 - (3) Bhandis of the Thar Parkar district.
 - (4) Jokhias ...
 - (5) Kirias ...
 - (6) Mangwanas ...
 - (7) Khushks ...
- These tribes are living in certain villages of the Sakrand and Kandiaro talukas of the Nawabshah district.
- (8) Shahanis, living in certain villages of the Nawabshah and Dadu districts.
 - (9) Shars, living in Mirpur Mathelo and Ubauro talukas of the Sukkur district.
 - (10) Bangulani of the Bingwani and Piarani Paros of the Upper Sind Frontier district.

Registration.

2. All the tribes notified have been registered.

3. This section has been applied to all tribes or parts of tribes notified, with the exception of the Bangulani with respect to whom correspondence is in progress.

Application of section 10.

4. This section has been applied to Shars and Jagirani in the Sukkur district and to the Hurs in the Nawabshah and Thar Parkar districts.

Application of section 11.

The Jagirani are restricted to 11 villages around Dubar.

5. There are three agricultural settlements in Sind one in the Thar Parkar district at Sanghar and two in the Nawabshah district at Jalalani and Sinjhora, in which the more fanatical Hurs are detained. They are under the management of the local police station officer.

Settlements established under section 16.

A total force of 3 Head Constables and 12 Constables is employed to guard these settlements.

6. Sixty-seven gangs of cattle-thieves, as detailed below, have been notified under the Act.

(1) Karachi and Tatta Districts.	5	consisting of 40 men.
(2) Hyderabad ...	6	consisting of 49 men (1 died).
(3) Sukkur ...	6	consisting of 106 men (2 died).
(4) Larkana ...	5	consisting of 64 men (4 died).
(5) Dadu ...	6	consisting of 66 men.
(6) Thar Parkar ...	6	consisting of 41 men (1 died).
(7) Nawabshah ...	6	consisting of 42 men.
(8) Upper Sind Frontier ...	27	consisting of 224 men (only 84 men registered so far.)
Total ...	<u>67</u>	

7. The total number of persons registered under the Act at the close of the year was 2,503 as compared with 1,878 at the beginning of the year.

Statistics.
721 persons were added to the register, and the registration of 96 persons was cancelled for the reasons explained below :—

40 died.

51 struck off for improvement of character.

5 struck off for other reasons.

96

During the year, 3 registered members were convicted under the Penal Code.

These consisted of 1 Hur, 1 Bhand and 1 Shar.

Convictions under section 22(i) of the Criminal Tribes Act numbered 38. They include :—

11 Jagiranis,

7 Bhands,

18 Shahanis, and

2 Shars.

38

Nine Hurs, one Kiria and four Shahanis were convicted under section 22(ii) of the Criminal Tribes Act.

The total number of persons convicted during the year was 55 as against 31 in 1932.

NOTES ON INDIVIDUAL TRIBES.

Jagiranis.—There has been, without doubt, a marked improvement in the conduct of the Jagiranis since they came under the operation of the Criminal Tribes Act.

More effective supervision could be exercised over them if the staff (1 Head Constable and 3 Constables) maintained at Dubar to enforce the provisions of the Act were mounted. This matter is at present receiving consideration.

During the year the following offences were committed by members of this tribe :—

- (1) Two Jagiranis were sent up for stealing cattle under section 379, Indian Penal Code, but were discharged as the evidence was unsatisfactory.
- (2) Twelve Jagiranis were prosecuted under section 22(i) Criminal Tribes Act. Of these 11 were convicted and 1 discharged.
- (3) Eighteen Jagiranis were warned for breach of rules under section 22(i), Criminal Tribes Act, being first offenders.

Six Jagiranis were exempted from the restrictions of the Act for improvement of character.

Four Jagirani boys were attending the village school at Dubar.

Shars.—Seven Shars, who were referred to in last year's report as absconding, have not yet been traced. It is probable that they have left Sind so as to evade the restrictions imposed upon Shars.

Hurs.—The number of Hurs, including women and children, confined in the three settlements in Sind, is shown below :—

Sinjhor	42
Jalalani	63
Sanghar	88
Total				193

Outside the settlements the total number of registered Hurs amounts to 919 in the Nawabshah district and 316 in the Thar Parkar district.

Two Hurs, one belonging to Larkana and the other to Sukkur, whose internment in a settlement had been ordered in 1930, were arrested this year and sent to a settlement in the Presidency proper.

Bhands.—This is a small tribe scattered throughout the Thar Parkar district with a registered number of only 81 persons at the close of the year.

The Bhands belong to the Chandio clan. Their "habitat" is the Samaro taluka of the Thar Parkar district, but they are nomadic to a certain extent and are hereditary cattle thieves.

This tribe has been subjected to restrictions under section 10 (1) (a) of the Criminal Tribes Act.

Seven Bhands were convicted for infringing the provisions of the Act and one under the Indian Penal Code during 1933.

Jokhias, Kirias, Mangwanas, Khushks and Shahanis.—The total number of registered members of all these tribes amounts to 175 as against 181 in 1932. All these persons reside in the Nawabshah district with the exception of 37 Shahanis who reside in the Kotri taluka of the Dadu district—

Jokhias	11
Kirias	34
Mangwanas	2
Khushks	71
Shahanis (Nawabshah district)			...	20
Shahanis (Dadu district)	37
Total				175

The decrease of six from the figures of the preceding year is accounted for as under :—

Increase—

Ten Shahanis were added to the register in the Dadu district.

Nawabshah district.

Decrease—

Struck off for improvement of character	...	14
Died	...	2
Total		16
Net decrease	...	6

GENERAL.

9. Revised rules under section 20 of the Act were issued during the year.

Steady progress is being made in dealing with gangs of cattle-thieves under the Act and some of the more notorious Patharidars have been deported to settlements in the Presidency proper.

A scheme for the removal of Hurs in the Jalalani settlement to the Sinjhor and Sanghar settlements and the opening of Jalalani as an agricultural settlement for incorrigible cattle-thieves, will shortly be submitted for the Commissioner's consideration. No extra expenditure will be involved.

The action so far taken in Sind under the Act is of a purely punitive character. No action of a generally reformatory nature is possible until a Criminal Tribes Settlement Officer is appointed.

(Sd.) D. HEALY,
Deputy Inspector-General of Police for Sind.
